So are you talking paying for a seat on the charter which means it will be a gift and then you will have to complete the ethics form with the missing information and route to Justina for approval. You may want to call her or Jennie Keith to let them know that you are sending it. Or was the region recommending the commercial flights? Please clarify, thanks

On another note what is happening with the mode of transportation, he will be travelling tomorrow and I haven't made any flight reservations based on the charter or the gift of the charter. Please let me know asap, thanks

Matt,

Hope all's well on your end, and that the Pruitt to Wheeler transition is going well for you, OGC, and the Agency. I saw that you are on the agenda for next week's Texas Environmental Superconference in Austin. That's great. I spoke at that conference when I was GC, and (if you have not been before) you will find it to be a worthwhile trip and an audience eager to hear what you have to say. Not sure what your travel plans look like, but let me know if you have any time out there to grab a coffee or drink to catch up.

Please pass along my warm regards to Carla.

All the best,

Avi

Subject: Ethics form for Steven Cook to complete as soon as possible today!

Good morning, Becky and Nick!

Justina is good with the answer "educational". She is asking us to have Steven complete the ethics travel form (please see her response below.) Once he completes it, the form should be emailed to Nigel since he is acting DEO. Nigel will then need to forward it to the ethics email box immediately. In his email, he should let OGC know that decision is needed today since the visit is scheduled for Monday. I can send Nigel a heads up email if you think that would be helpful or please feel free to share this email with him.

Instructions for Steven to complete the form are below. Please let me know if you have any questions or if there is anything I can do to help.

- 1) BEFORE THE TRIP, the employee needs to complete the fillable form (attached).
- 2) The employee then forwards the form via email to the OLEM Deputy Ethics Official (Nigel Simon). OGC/Ethics will accept the forwarded email from the employee's email account in lieu of seeing a signature (in other words, there is no need for Steven to actually sign a printed page).

- 3) FOR NIGEL: The Deputy Ethics Official will then review the request. Then, if the DEO has no concerns or changes, the DEO will forward the email and attachment to ethics@epa.gov with a cc to Jennie Keith. Since this is time sensitive, it might be a good idea to cc: Justina Fugh as well. The subject line should read as follows: Ethics Travel for TRAVELER'S NAME (TRAVEL START DATE).
- 4) Hopefully today, Jennie will review the form and then input them into the system. She will respond back to both the DEO and the traveler with approvals and/or questions for follow up, and attach a pdf of the final approval form for the voucher.

I notified Justina that we needed a decision from her office today. Since the approvals do not come to me, I will not know when and if they respond to the traveler (Steven). I am happy to follow up with the ethics team later today if needed. Thank you!

Subject: RE: questions

Hi Kecia,

Nope, I've been super crazy busy, so didn't even see your earlier message. Good that you sent a reminder. Than answer is that Duke Energy is a federally registered lobbyist, so Steve Cook cannot accept any ride or other gift from them given the lobbyist gift ban. EPA should pay for the transportation and his meals since he is prohibited from accepting any gift from a lobbyist. That said, since he will be on travel status, then he can do an ethics travel form to ask OGC/Ethics to accept that gift for EPA. If you look for an email from me on 1/12/18, I explained how to complete the ethics travel form in this new age after Lotus Notes. Your DEO still has to sign it before it comes to OGC.

Good morning Justina!

I hope you are well. I wanted to get your counsel on a couple of questions that have come my way. Steven Cook is traveling on Monday to do a site visit at a RCRA facility. The Duke Energy folks have offered to pick him up at the airport, so they can go do the site visit. Is that ok? Second question, Duke Energy is providing box lunches to have during the site visit. We believe the cost is about \$15 or less, but can confirm if needed. Can he accept the lunch or should he offer to pay?

Thank you for any advice you can offer. Take care!

Hi there, Justina just wrote back on the Florida Chamber email. I'm attaching his ethics documents for you, so you can see the scope of his recusal obligations.

HOWEVER, for the meetings outlined below, these are permissible. His one-year cooling-off period with the FL DEP just ended on June 30 (for which he had an authorization to work on certain matters, see attached document). He has no ethics obligations right now with the FL DEP.

Note that Duke Energy is a federally registered lobbyist – no gifts.

NoHow much time of the 1.5 hour slot should Matt be prepared to fill with prepared remarks? 30-40min Will there be Q&A after Matt's prepared remarks? No What topics/issues/general areas do you suggest that Matt focus on? I spoke to Matt about this. I suggest: Overall policy – priorities of the AdministratorNew initiatives, rulemaking, etc. – Air, Waste, Water (mostly focus on water)What it all means for Florida (some Florida specific comments on ACF ruling, 404 Assumption request,

etc.) Is there an agenda that you can share? We have about 70 courses scheduled over the 3 day event, ranging from growth management to all aspects of state and federal regulations. Matt informed me that you asked him to provide the keynote address for this event. I, along with others copied here, work with Matt on his speaking events. To get the wheels turning for this one, can you please send me the official invitation for Matt to speak as well as any other materials that you have for this event (flyer, website, brochure, etc.)? I may have follow-up questions for you after I review the materials that you send. Please let me know if you have any questions. Feel free to call me at the number listed below. Thanks!

Subject: Environmental Permitting Summer School - Matt Leopold

Hello,

It's my understanding that you recently spoke on the phone with Matt Leopold about the Environmental Permitting Summer School (July 17-20 in Marco Island, FL). Matt informed me that you asked him to provide the keynote address for this event. I, along with others copied here, work with Matt on his speaking events. To get the wheels turning for this one, can you please send me the official invitation for Matt to speak as well as any other materials that you have for this event (flyer, website, brochure, etc.)? I may have follow-up questions for you after I review the materials that you send. Please let me know if you have any questions. Feel free to call me at the number listed below. Thanks!

Hi there, Justina just wrote back on the Florida Chamber email. I'm attaching his ethics documents for you, so you can see the scope of his recusal obligations.

HOWEVER, for the meetings outlined below, these are permissible. His one-year cooling-off period with the FL DEP just ended on June 30 (for which he had an authorization to work on certain matters, see attached document). He has no ethics obligations right now with the FL DEP.

Note that Duke Energy is a federally registered lobbyist – no gifts.

Please, let me know if this closes out these requests. I don't think there is any other, correct?

Thanks!

Jennie – I got some additional information from Mr. Littlejohn (a former DEP colleague of Matt's) who is arranging these meetings for Matt.

- 1. Paula Cobb <u>Paula.Cobb@duke-energy.com</u>, 30min
  - A FORMER COLLEAGUE OF MATT'S FROM FL DEP. CLEAN AIR EXPERT. TOPIC IS CLEAN POWER PLAN.
- 2. Herschel Vinyard (<a href="https://hvinyard@foley.com">hvinyard@foley.com</a>), Eileen Stuart (<a href="mailto:EileenS@hgslaw.com">EileenS@hgslaw.com</a>), Jeff Littlejohn (<a href="mailto:jeff@littlejohnmann.com">jeff@littlejohnmann.com</a>), 45min
  - TWO FORMER DEP COLLEAGUES (HERSCHEL AND JEFF) AND A LAWYER REPRESENTING INDUSTRY INTERESTS. TOPIC IS CLEAN WATER ACT 404 ASSUMPTION.
- 3. Noah Valenstein (Kelly. Williams@dep. state.fl.us) and John Truitt (John. Truitt@dep. state.fl.us), 45min
  - TWO CURRENT DEP EMPLOYEES. TOPIC IS CLEAN WATER ACT 404 ASSUMPTION.

Are there any ethical issues that you think Matt should be mindful of, if he meets with these folks tomorrow?

Hi Jeff:

I left you a voicemail regarding these meeting requests. In order to get ethics advice on these meetings for GC Leopold, we need to know what the agendas for each meeting would be, who the individuals attending would be and who they represent, and whether agenda topics involve matters that GC Leopold worked on while in his prior employment?

The luncheon runs from 12:10 to 1:30. We'll adjust the start time of his keynote address based on its length. If his address is 30 minutes long, we'll begin to introduce him at around 12:50. This is the only thing we're planning for the luncheon, so we're very flexible. His speech can run anywhere from 20 minutes to 45, and we'll make it work!

I'm continuing work on this event for Matt, and I have a few questions below. Please let me know if you have any questions for me. Thanks!

Does Matt need to register or sign up for this event? No If yes, what is the deadline for registering? Is there any cost associated with his attendance? NoHow much time of the 1.5 hour slot should Matt be prepared to fill with prepared remarks? 30-40min Will there be Q&A after Matt's prepared remarks? No What topics/issues/general areas do you suggest that Matt focus on? I spoke to Matt about this. I suggest: Overall policy – priorities of the AdministratorNew initiatives, rulemaking, etc. – Air, Waste, Water (mostly focus on water)What it all means for Florida (some Florida specific comments on ACF ruling, 404 Assumption request, etc.) Is there an agenda that you can share? We have about 70 courses scheduled over the 3 day event, ranging from growth management to all aspects of state and federal regulations. The complete agenda is posted on http://floridaenet.com/schedule-of-events/ Can you please provide a day-of contact with a cell phone number? I will be Matt's day-of contact, and my cell # is below.

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

Washington, D.C. 20460

OFFICE OF GENERAL COUNSEL

JAN 1 0 2018

MEMORANDUM

SUBJECT: Impartiality Determination to Participate in Certain Matters Involving the State of

Florida

FROM:

Kevin S. Minoli

Designated Agency Ethics Official and Principal Deputy General Counsel

TO:

Matthew Leopold

General Counsel

As the General Counsel for the United States Environmental Protection Agency (EPA), you seek permission to participate in specific party matters involving the State of Florida. Within the last year, prior to being selected for this position, you provided legal services to the Florida Department of Environmental Protection (FL DEP). You ceased providing legal services to the FL DEP on June 30, 2017.

Under President Trump's Ethics Pledge, political appointees are prohibited from participating in specific party matters in which their former employer or former client is a party. However, Executive Order 13770 defines "former employer" to exclude state or local government entities, and the Office of Government Ethics has determined that the same exclusion applies to the definition of "former client." Therefore, the Ethics Pledge does not apply to your former client. But since federal ethics rules do not contain a similar exclusion for state government, those rules do apply to your former client.

I understand that you have a defined contribution plan with the State of Florida. As such,

¹ See Exec. Order 13770, Section 2(j), which provides that "'former employer' does not include ... State or local government."

² See Office of Government Ethics Legal Advisory 17-02 (February 6, 2017), which states that, "[w]ith respect to Executive Order 13770, ethics officials and employees may continue to rely on OGE's prior guidance regarding Executive Order 13490 to the extent that such guidance addresses language common to both orders," and Office of Government Ethics Legal Advisory DO-09-011 (March 26, 2009), which states that "based on discussions with the White House Counsel's office, OGE has determined that the definition of former client is intended to exclude the same governmental entities as those excluded from the definition of former employer."

you have a financial conflict of interest pursuant to 18 U.S.C. § 208. Under this criminal statute, you cannot participate personally and substantially in any particular matter that will affect the State's ability or willingness to honor its contractual obligations with respect to your state retirement interests. In the Agency's experience, it is unlikely that you as General Counsel will be in any position to affect the State's ability or willingness to pay these benefits to its retirees. I do not expect, then, that 18 U.S.C. § 208 will prohibit you from carrying out your official EPA duties.

However, what remains is an impartiality concern. The applicable ethics rules are set forth in the Standards of Ethical Conduct for Employees of the Executive Branch, 5 C.F.R. Part 2635, specifically Subpart E, "Impartiality in Performing Official Duty." Upon assuming the position of General Counsel, you will have a "covered relationship" with the State of Florida pursuant to 5 C.F.R. § 2635.502(b)(1)(iv). For one year from the date you last provided legal services to the FL DEP, absent an impartiality determination from me, you cannot participate in any specific party matter in which the State of Florida is a party or represents a party if that matter is likely to have a direct and predictable effect upon the State or if the circumstances would cause a reasonable person with knowledge of the relevant facts to question your impartiality. See 5 C.F.R. § 2635.502(a). Absent this impartiality determination, your "cooling off" period with the State of Florida will last until June 30, 2018, which is one year from the date you last provided services to them.

Federal ethics regulations permit federal employees to participate in matters that might raise impartiality concerns when the interest of the federal government in the employee's participation outweighs concern over the questioning of the "integrity of the agency's programs and operations." 5 C.F.R. § 2635.502(d). The factors that the Agency takes into consideration are:

- (1) the nature of the relationship involved;
- (2) the effect that resolution of the matter will have upon the financial interest of the person affected in the relationship;
- (3) the nature and importance of the employee's role in the matter, including the extent to which the employee is called upon to exercise discretion in the matter;
 - (4) the sensitivity of the matter;
 - (5) the difficulty of reassigning the matter to another employee; and
- (6) adjustments that may be made in the employee's duties that would reduce or eliminate the likelihood that a reasonable person would question the employee's impartiality.

As General Counsel, you are the chief legal advisor to the Agency and Administrator, and part of the Agency's political team. In your role as General Counsel, you are expected to communicate freely with states and you will be asked to participate in discussions and meetings related to particular matters that affect the State of Florida. Because I conclude that the interest of the United States Government in your participation outweighs any concerns about your impartiality, I am authorizing you to participate as General Counsel in particular matters that

involve the State of Florida with the following limitation: you must recuse yourself from participation in EPA specific party matters if you participated personally and substantially in the same specific party matters while providing legal services to the FL DEP or while employed by Florida. In making this determination, I have taken the following factors into consideration:

Nature of the relationship involved — Within the last year, you have provided legal services to the FL DEP, which is the Florida state agency responsible for environmental management and stewardship. I note that you previously served as General Counsel for the FL DEP until you left the agency in March 2015. As a private sector attorney, you provided services to the FL DEP in a case in which the United States is not a party, and those services ended on June 30, 2017. Sensitivities regarding your impartiality will necessarily revolve around those issues in which you participated personally and substantially for the FL DEP in all of your previous roles. But, for purposes of the federal impartiality standards, we are focused only on your "covered relationship" with your former client from the last year. I also note that states share responsibility with EPA in protecting human health and the environment. With respect to many of our statutes, EPA has directly delegated states with regulatory and enforcement authority. In fact, EPA, through its regions, works closely and directly with state governmental entities on a continuing and frequent basis.

Nature and importance of the employee's role – In your role as General Counsel, you are the chief legal advisor to the Agency. Among other things, OGC lawyers provide legal counsel to EPA policy-makers, shape national legislation affecting the environment, and provide legal support for the issuance of permits, the approval of state environmental programs, and the initiation and litigation of enforcement actions. As General Counsel, you are expected to communicate freely with states, including Florida.

<u>Sensitivity of the matter</u> — We anticipate that there will be specific party matters in which you did not participate personally and substantially for the FL DEP that will rise to your level of attention, merit your participation and raise nationally significant issues.

<u>Difficulty of reassigning the matter to another employee</u> – Your participation as General Counsel in such matters will be of importance to the Administrator, and therefore, in the Agency's interests. In these situations, it may not be appropriate to reassign the matter to another employee.

Under this limited authorization, you are authorized to participate in new or future specific party matters that involve the State of Florida, but not on the very same specific party matters on which you worked on personally and substantially while providing legal services to the FL DEP or while employed with the State of Florida. If the Agency determines that we have a compelling reason for your participation as an EPA official on any of those same specific party matters that you participated in personally and substantially, then you may ask OGC/Ethics to reconsider the factors and information listed above on a case-by-case basis along with additional relevant details before determining whether to authorize your participation. You must continue

to recuse yourself from those matters in which you had previously participated unless OGC/Ethics first determines that the Agency's interest in your participation outweighs any impartiality concern and authorizes you to participate.

Nothing in this impartiality determination precludes you from making additional adjustments to your duties, such as voluntarily recusing from other matters if necessary. To that end, I understand that you will not participate in any particular matter involving specific parties that are still pending with EPA that you worked on personally and substantially while providing legal services to the FL DEP or employed by Florida. You are cognizant of your attorney bar rules that prohibit you from participating in any matter that is the same as or substantially related to the same specific party matter that you previously participated in personally and substantially, unless your bar provides for and you first obtain informed consent and notify OGC/Ethics.

If you have any questions regarding this determination, or if a situation arises in which you need advice or clarification, please contact Justina Fugh at fugh.justina@epa.gov or (202) 564-1786

OFFICE OF GENERAL COUNSEL

MEMORANDUM

SUBJECT:

Recusal Statement

FROM:

Matthew Z. Leopold

General Counsel

TO:

E. Scott Pruitt

Administrator

I have previously consulted with the Office of General Counsel/Ethics (OGC/Ethics) and been advised about my ethics obligations. This memorandum formally notifies you of my continuing obligation to recuse myself from participating personally and substantially in certain matters in which I have a financial interest, or a personal or business relationship. I also understand that I have obligations pursuant to Executive Order 13770 and the Trump Ethics Pledge that I signed, as well as my own bar obligations.

FINANCIAL CONFLICTS OF INTEREST

As required by 18 U.S.C. § 208(a), I will not participate personally and substantially in any particular matter in which I know that I have a financial interest directly and predictably affected by the matter, or in which I know that a person whose interests are imputed to me has a financial interest directly and predictably affected by the matter, unless I first obtain a written waiver, pursuant to 18 U.S.C. § 208(b)(1), or qualify for a regulatory exemption, pursuant to 18 U.S.C. § 208(b)(2). I understand that the interests of the following persons are imputed to me: any spouse or minor child of mine; any general partner of a partnership in which I am a limited or general partner; any organization in which I serve as officer, director, trustee, general partner or employee; and any person or organization with which I am negotiating or have an arrangement concerning prospective employment.

I have consulted with OGC/Ethics and been advised that I do not currently have any financial conflicts of interest but will remain vigilant and notify OGC/Ethics immediately should my financial situation change.

OBLIGATIONS UNDER EXECUTIVE ORDER 13770

Pursuant to Section 1, Paragraph 6 of the Executive Order, I understand that I am prohibited from participating in any particular matter involving specific parties in which my

former employer, Carlton Fields Jorden Burt, P.A., or any former client to whom I provided legal services during the past two years is a party or represents a party. I understand that my recusal lasts for two years from the date that I joined federal service.

I have been advised by OGC/Ethics that, for the purposes of this pledge obligation, the term "particular matters involving specific parties" is broadened to include any meetings or other communication relating to the performance of my official duties, unless the communication applies to a particular matter of general applicability and participation in the meeting or other event is open to all interested parties. I am further advised that the term "open to all interested parties" means five or more parties. Set forth below are my former clients identified in consultation with OGC/Ethics that have or may have environmental interests that could potentially arise with respect to my duties here at EPA.\(^1\)

After consulting with OGC/Ethics, I am advised that I do not need to recuse myself from matters involving NextEra Energy, the parent company of one of my former clients, because I

¹ For my former clients who are not listed, I understand that I am personally obliged not to participate in specific party matters for the duration of my ethics obligations.

did not personally provide legal services to this entity. However, in an abundance of caution, I am voluntarily recusing myself from matters involving NextEra Energy at this time.

OBLIGATIONS UNDER THE IMPARTIALITY PROVISIONS

I am advised by OGC/Ethics that Executive Order 13770 defines "former employer" to exclude state or local government entities,² and the Office of Government Ethics has determined that the same exclusion applies to the definition of "former client." But as an executive branch employee, I understand that I am also subject to the federal impartiality standards and have a one-year cooling off period with any former client who is a state or local government.

Therefore, I will not participate personally and substantially in any particular matter involving specific parties in which **Okaloosa County**, **Florida** is a party or represents a party, unless I am first authorized by OGC/Ethics to participate, pursuant to 5 C.F.R. § 2635.502(d). For federal ethics purposes, I understand that my recusal remains in effect for one year from the date that I last provided services to that client, and this federal ethics limitation does not extend to particular matters of general applicability, such as rulemaking. My recusal will end with regard to Okaloosa County, Florida on December 31, 2018. I will consult with OGC/Ethics should a situation arise in which I seek an impartiality determination to authorize my participation in a specific party matter involving Okaloosa County.

Pursuant to the federal impartiality standards, I also understand that I have a "covered relationship" with another former client, the Florida Department of Environmental Protection (FL DEP). However, on January 10, 2018, EPA's Designated Agency Ethics Official issued an impartiality determination that authorizes me to participate in specific party matters that involve the State of Florida, but not on the very same specific party matters on which I worked on personally and substantially while providing legal services to the FL DEP or employed by the State of Florida.

ATTORNEY BAR OBLIGATIONS

Pursuant to my obligations under my bar rules, I recognize that I am obliged to protect the confidences of my former clients. I also understand that I cannot participate in any matter that is the same as or substantially related to the same specific party matter that I participated in personally and substantially while in private practice, unless my bar provides for and I first obtain informed consent and notify OGC/Ethics. Thus, I will not participate in the following two cases:

² See Exec. Order 13770, Section 2(j), which provides that "former employer' does not include ... State or local government."

³ See Office of Government Ethics Legal Advisory 17-02 (February 6, 2017), which states that, "[w]ith respect to Executive Order 13770, ethics officials and employees may continue to rely on OGE's prior guidance regarding Executive Order 13490 to the extent that such guidance addresses language common to both orders," and Office of Government Ethics Legal Advisory DO-09-011 (March 26, 2009), which states that "based on discussions with the White House Counsel's office, OGE has determined that the definition of former client is intended to exclude the same governmental entities as those excluded from the definition of former employer."

SCREENING ARRANGEMENT

In order to ensure that I do not participate in matters relating to any of the entities listed above, I will instruct Kevin Minoli. Principal Deputy General Counsel, to assist in screening EPA matters directed to my attention that involve those entities. All inquiries and comments involving the entities on my recusal list should be directed to Mr. Minoli without my knowledge or involvement until after my recusal period ends.

If Mr. Minoli determines that a particular matter will directly involve any of the entities or matters listed on my "specific party" recusal list, then he will refer it for action or assignment to another, without my knowledge or involvement. In the event that he is unsure whether an issue is a particular matter from which I am recused, then he will consult with OGC/Ethics for a determination. I will provide a copy of this memorandum to my principal subordinates with a copy to Justina Fugh, Senior Counsel for Ethics.

UPDATE AS NECESSARY

In consultation with OGC/Ethics, I will revise and update my recusal statement whenever warranted by changed circumstances, including changes in my financial interests, changes in my personal or business relationships, or any changes to my EPA duties. In the event of any changes to my screening arrangement, I will provide a copy of the revised recusal statement to you and OGC/Ethics.

Jeanne -

Thanks for this. One clarification. To the extent administrative law was discussed, any reference I made to EPA was in conjunction with how all agencies operate. I don't remember the conversation precisely, but my guiding principle was to avoid discussing EPA-specific business, so I know I did not do that. However, that wouldn't mean I didn't mention or refer to EPA at all in any answers to any questions. Would this change your analysis?

Hi Marcella,

Thank you for following up on last week's conversation with an email concerning your prior speaking engagement. I'm so glad you thought to mention this matter to Matt Leopold as your supervisor and recognized that ethics issues could be raised. Our aim in the New Employee training we provide is to cover the issues and the rules well enough that our employees can spot a potential ethics issue and turn to their ethics officials for help.

Throughout most of Headquarters, an office's Deputy Ethics Official is the head of that office. But, OGC is a little different. In OGC, the DEO is a designated member of OGC/Ethics, and right now, it's me. This is because, under the order that sets up the Agency's ethics program, the General Counsel does not have any official ethics responsibilities at EPA. I appreciate that it is confusing in contrast to what you see in other offices. Just remember that it is appropriate to ask Matt whether you can do something in your official capacity, but for outside activities, you'll write to me with an informational cc to Matt as your supervisor. See 5 CFR 6401.103(b).

You were invited to speak at the University of Houston Law Center on April 2, 2018, "at a high-level about administrative law, statutory interpretation, and working as a government attorney." The invitation was extended by the student chapter of the Federalist Society and the law school's Environment, Energy & Natural Resources Center co-sponsored the event. The event consisted of a Q&A regarding general administrative law and statutory interpretation, what an agency is and its role in a federalist system of government, how private practice relates to government work, how law students might pursue government jobs, which law school classes and activities aid in the development of an aspiring attorney. To the extent administrative law was discussed, you note that you made no reference to EPA.

The Federalist Society has offered to compensate you for travel stipend. \$10/each), and a stipend.

I conclude that you may accept both the travel reimbursement and the compensation under 5 CFR 2635.807 because your presentation did not deal in significant part with the ongoing programs, policies or operations of EPA.

Please let me know if you have any questions.

Hi Jeanne -

I was invited to speak at the University of Houston Law Center on April 2, 2018, at a high-level about administrative law, statutory interpretation, and working as a government attorney. The student chapter of the Federalist Society and the law school's Environment, Energy & Natural Resources Center co-sponsored the event.

The event did not relate to my official duties, and did not include matters that deal in significant part with the programs, policies, current events affecting, or operations of the Agency. Instead, it was a Q&A regarding administrative law and statutory interpretation in general, what is an agency and how does an agency operate in a federalist system of government, how my work in private practice relates to government work, how law students might pursue government jobs, which law school classes and activities aid in the development of an aspiring attorney. To the extent administrative law was discussed, I used examples from other agencies, for example the FDA.

Since the lecture, the Federalist Society has offered to compensate me for travel stopend. Stopend: airport meals (2 at approx. \$10/each), and a stipend. Would it be appropriate to receive these reimbursements and stipend?

Please let me know if you have any questions.

Thanks,

Marcella Burke

Hi Kelly,

The Acting Administrator may accept this box lunch. It is not considered a gift because this is a substantive speaking engagement for the Acting Administrator. I'm cc'ing Gail Davis since he'll be in travel status.

As for the staff accompanying him, those employees may accept the lunch (and it won't be considered a gift) BECAUSE THE FOLLOWING IS MET: Their inclusion at the event is deemed ESSENTIAL to the Acting Administrator's presence at the event. Based off of a separate email, I would consider Tate Bennett's presence to be essential since she is planning and executing the event; James Hewitt since he from OPA and press will be present. They may eat the lunch and it will not be considered a gift. They may not voucher for per diem if they eat the lunch.

We will permit Mr. Molina to accept the gift of the boxed lunch because it is valued at less than \$20. He also may not voucher for per diem if he eats the lunch.

Does this help?

Jennie -

Thank you for your quick reply.

The Washington, PA Chamber of Commerce will be hosting the round table event. A/A Wheeler will be speaking to about 15 - 20 attendees about his plans as Acting Administrator and about local environmental issues. He will also accept questions from attendees.

The lunch is being provided to all attendees. The Chamber has not given attendees the opportunity to cover the cost of their lunch.

Please let me know if you have any further questions.

Thanks,

Kelly

Kelly, Would you please provide more information about the Roundtable? Who is hosting? Who is attending and how many? Is there an agenda that outlines the expectations (e.g., speaking role) of the Acting Administrator?

Is there a mechanism for paying for the boxed lunch? That is, participants who want a lunch can pay for it? Or is it simply being provided to all in attendance complimentary of the hosts?

Thanks!

Jennie & Justina -

Acting Administrator Wheeler has several events that he is attending in Pennsylvania on Monday. Lunch is going to be provided during a round table discussion that he is partaking in that afternoon. The cost per person for the boxed lunch is \$11.00.

Does he have permission to accept this lunch since he will be speaking during this event? Would you also mind advising whether or not staff that is accompanying him to the event is permitted to accept the lunch?

Thank you for your assistance.

ABOUT THE AMERICAN LEGISLATIVE EXCHANGE COUNCIL

The American Legislative Exchange Council (ALEC) is America's largest voluntary membership organization of state legislators dedicated to the principles of limited government, free markets and federalism. Comprised of nearly one-quarter of the country's state legislators and stakeholders from across the policy spectrum, ALEC members represent more than 60 million Americans and provide jobs to more than 30 million people in the United States. For generations, ALEC has been where legislators go to better understand how and what to legislate, and where they gain the intellectual and policy bona fides to be good stewards of people's hard earned dollars. ALEC believes that all Americans deserve an efficient, effective and accountable government that puts the people in control.

EVENT PURPOSE

45 years ago a small group of state legislators met in Chicago to implement a vision: A nonpartisan membership association for state lawmakers who shared a common belief in limited government, free markets and federalism. Their vision and initiative resulted in the creation of a voluntary membership association for people who believed that government closest to the people was fundamentally more effective. At that meeting state legislators, including then-Illinois State Rep. Henry Hyde and Iowa State Rep. Terry Brandstad, and Lou Barnett, a veteran of then-Gov. Ronald Reagan's 1968 presidential campaign, launched the American Legislative Exchange Council (ALEC). The creation of ALEC Task Forces was a result of President Ronald Reagan's vision to restore the balance of power away from Washington, returning power to the states.

2018 is ALEC's 45th anniversary year, a year in which to celebrate ALEC's leadership with a history of offering real solutions to the top issues facing the states. ALEC's effectiveness has demonstrated for decades that good ideas are better when shared! We will come together at a spectacular celebration at the ALEC 45th Anniversary Gala on Wednesday, September 26, 2018 at the Trump International Hotel in Washington, D.C. Attendees will include members of the Administration, Members of Congress, state legislators, policy experts, and philanthropic and esteemed business leaders.

The Honorable Scott Pruitt Administrator, Environmental Protection Agency Environmental Protection Agency 1200 Pennsylvania Avenue, N.W. Washington, DC 20460

Dear Administrator Pruitt:

I have the great pleasure of writing you on behalf of the American Legislative Exchange Council (ALEC) to request that you lend your name as an Honorary Chair of ALEC's 45th Anniversary Gala on September 26, 2018 at the Trump International Hotel in Washington, DC.

Administrator Pruitt, we hope you will allow us to recognize you as an Honorary Chair of this very special event for ALEC. This is a name listing only, joining many other friends of ALEC and supporters of the ALEC mission who want to help celebrate all that ALEC has stood for and accomplished in its first 45 years. Your membership in ALEC when you served in the Oklahoma legislature is something of which ALEC is very proud and we would like to honor and showcase your historic relationship with ALEC.

45 years ago, a small group of state legislators met in Chicago to implement a vision: a nonpartisan membership association for state lawmakers who shared a common belief in limited government, free markets and federalism. Their vision and initiative resulted in the creation of a voluntary, nonpartisan membership association for people who believed that government closest to the people was fundamentally more effective.

2018 is ALEC's 45th anniversary year, a year in which to celebrate ALEC's leadership with a history of offering real solutions to the top issues facing the states. ALEC's effectiveness has demonstrated for decades that good ideas are better when shared. We will come together at a spectacular celebration at the ALEC 45th Anniversary Gala. Attendees will include members of the Administration, Members of Congress, state legislators, policy experts, and philanthropic and esteemed business leaders.

Never has ALEC's work and priorities been more timely, relevant, or critical. Because of your demonstrated commitment to these same principles, we hope you will accept our invitation to be an Honorary Chair and to attend the ALEC 45th Anniversary Gala. Thank you for your consideration.

Sincerely.

Haley,

The speaking request is fine. The hosts are not federally registered lobbyists. There is also a dinner offered to the Administrator the night prior to the speaking request (same with the hotel room). Does the Administrator want to attend the dinner, too? That requires an additional ethics analysis. Please also let me know if the Agency is accepting the hotel room when you know.

His formal name is Edward Scott Pruitt. I don't believe we typically have him as a confidential occupant but if you can do that, I think that works too. There will be others, but we can book through our government system.

I have spoken with Sarah from AG Landry's office but not specifically on security. She did reach out earlier and I sent her a message today, so she may be in the process of that. Our advance team and his security team will reach out as the event approaches.

His formal name is Edward Scott Pruitt. I don't believe we typically have him as a confidential occupant but if you can do that, I think that works too. There will be others, but we can book through our government system.

I have spoken with Sarah from AG Landry's office but not specifically on security. She did reach out earlier and I sent her a message today, so she may be in the process of that. Our advance team and his security team will reach out as the event approaches.

He is meeting with the Senior Leadership Council in the Map Room at 8:30 that morning and is meeting with DEPA at 9:00. We thought it would be an easier and cleaner transition to move from one space within the building to another, as opposed to moving to the Trump Hotel.

This allows the Administrator more time to meet with both groups that morning.

Please let me know if we have the green light to proceed.

March 15, 2017

The Honorable Scott Pruitt Environmental Protection Agency Office of the Administrator 1101A 1200 Pennsylvania Ave NW Washington, DC 20460

Dear Administrator Pruitt:

We are pleased to be hosting our 4th Annual Faegre Baker Daniels "Energy and Environment Symposium" on Wednesday, May 24, 2017, at the City Club of Washington, 555 13th St NW, Washington, DC 20004. The topic this year is "Navigating the New Administration and New Congress," and we will be considering the various priorities of the new Administration as well as the priorities of the new Chairmen in Congress. We would be honored if you would consider joining us as our featured keynote speaker. We strongly believe that you would add great value and perspective to this event and invite you to speak on any aspect of your agenda. We could accommodate you at any point during the day but would be pleased to have you as our keynote luncheon speaker from approximately 12:00-1:00 pm.

Our previous speakers over the last three years have included House Majority Leader Kevin McCarthy, Chairman Fred Upton, Chairman Ed Whitfield, Senator Cory Gardner, Senator Dan Sullivan, Senior White House Advisor Dan Utech, and Joe Goffman with the EPA. We anticipate between 75-125 attendees consisting of members of our firm, clients of the firm, and invitees from across the energy industry here in Washington, DC. A sample of clients who will be invited include Xcel Energy, Archer Daniels Midland, Koch Industries, Whirlpool, Murray Energy, Cheniere Energy, Underwriters Laboratory, Dow AgroSciences, Energy Fuels, Growth Energy, and many others. We would be happy to share the attendee list with you before the event.

Please let me know if you have questions. Thank you for your consideration.

Andrew R. Wheeler

Vary truly yours,

Hi Sydney,

There are <u>no ethics concerns</u> with respect to this event. It may be important to know that the organization extending the offer is a lobbying organization. The White House Ethics Pledge prohibits acceptance of gifts from lobbyists, but as there is no gift offered, the Ethics Pledge is not implicated. This information is provided solely for your consideration. See the following for more complete details.

Best, Jennie for OGC/Ethics

White House Ethics Pledge

The White House Ethics Pledge does not allow political appointees to accept gifts from registered lobbyists. The persons extending the invitation <u>are</u> registered lobbyists or lobbying organizations, therefore if the official speaks, he must be careful about the organization offering him a tangible gift to take home with her.

Acceptance of Free Attendance (including meals)

Because the official has been invited to speak and present information on behalf of the agency, pursuant to 5 CFR 2635.204(g)(1), acceptance of free attendance and any meals provided **on the <u>day of the event</u>** is not considered a gift. The official's participation in the event is viewed as a customary and necessary part of his performance of the event and does not involve a gift to him or to the agency. While free attendance will cover a meal that is provided to all attendees, it does not cover side events, receptions, and other meals (like a speaker's dinner) that are not open to all attendees.

Financial Disclosure Implications

Because this is not a gift, there are no financial disclosure reporting obligations.

Good morning Jennie -

I hope you had a nice weekend.

I wanted to follow up on this - would you mind letting me know if this request, along with the OK Cattleman's request, are approved by COB today?

Thank you,

Kelly

Yeah I know and I told Millan and she was supposed to sign for him to be processed. I originally printed them out per your request and gave them to Hayley for him to initial and she gave it to Millan who personally came back to me to ask why he had to sign it.i explained and she said she would forward it electronically. Sorry for the confusion.

Hi Sydney,

There are <u>no ethics concerns</u> with respect to this event. See the following for more complete details.

Best, Jennie for OGC/Ethics

White House Ethics Pledge

The White House Ethics Pledge does not allow political appointees to accept gifts from registered lobbyists. The persons extending the invitation are not registered lobbyists or lobbying organizations, therefore the Ethics Pledge is not implicated.

Acceptance of Free Attendance (including a meal)

Because the official has been invited to speak and present information on behalf of the agency, pursuant to 5 CFR 2635.204(g)(1), acceptance of free attendance and any meals provided **on the day of the event** is not considered a gift. The official's participation in the event is viewed as a customary and necessary part of his performance of the event and does not involve a gift to him or to the agency. While free attendance will cover a meal that is provided to all attendees, it does not cover side events, receptions, and other meals (like a speaker's dinner) **that are not open** to all attendees.

Financial Disclosure Implications

Because this is not a gift, there are no financial disclosure reporting obligations.

Millan,

Thank you very much for getting back to me. I would like to give you a little background on our representation of the province of Saskatchewan. We have been representing the province for over 9 years now and while we have an excellent relationship with the Canadian Embassy, we have always made requests directly on behalf of the province. For example, Premier Moe's predecessor, Brad Wall, had an excellent meeting with Administrator Pruitt in April 2017 which we scheduled directly. The Canadian Embassy is aware of Premier Moe's visit to DC and in fact we have a tentative meeting scheduled with Ambassador MacNaughton the day of the Premier's arrival.

I would like to respectively renew our request for a meeting for Premier Moe with Administrator Pruitt on June 6^{th} or 7^{th} .

Thank you very much for your consideration,

Subject: Meeting request with Administrator Pruitt on behalf of Premier of Saskatchewan

Millan,

We represent the Canadian province of Saskatchewan. Saskatchewan's Premier, Scott Moe, (bio below) will be in Washington June 6th and 7th and would very much like to meet with Administrator Pruitt. The purpose of the meeting would be to discuss Canada-US environmental regulation.

Premier Moe is very much aligned with Administrator Pruitt's regulatory rollback. On April 25, Premier Moe launched a constitutional challenge to the Canadian federal government's carbon tax. Saskatchewan is the 5th largest oil producing jurisdiction in North America, and exports 65% of their oil production to the United States. Saskatchewan is also a very large natural gas and coal producer and exports the uranium responsible for 6% of the electricity in the United States. Additionally, Saskatchewan is home to Boundary Dam 3, the world's first commercial coal fired carbon capture and sequestration power plant.

Administrator Pruitt met with Premier Moe's predecessor in April, 2017 and the meeting was very insightful and productive.

Please do not hesitate to contact me should I be able to provide further information. I can be reached at david.wilkins@nelsonmullins.com or (864) 373-2231.

We hope to meet with Admini	strator Pruitt or	n June 6 th or 7 th .
Thank you.

Honourable Scott Moe, Premier of Saskatchewan

Scott Moe was first elected to the Saskatchewan legislature in the 2011 provincial election. He was re-elected in 2016. He was then elected Leader of the Saskatchewan Party on January 27, 2018 and sworn in as Premier of Saskatchewan on February 2, 2018.

Premier Moe was born and raised in the constituency on a grain farm between Shellbrook and Parkside. He and his wife Krista live in Shellbrook with their two children. As a family, they enjoy many outdoor activities in what he describes as the irreplaceable landscape of Saskatchewan.

Premier Moe was educated at the University of Saskatchewan where he received his Bachelor of Science in Agriculture. He has been active in the community through his work with the Economic Development Corporation, the Shellbrook and District Health Services Project Inc., and the Shellbrook and District Physician Recruitment Committee. He has also volunteered his time to work with local hockey and softball associations.

Premier Moe served as a member of the legislature's Standing Committee on Crown and Central Agencies and was deputy chair of the legislature's Standing Committee on Public Accounts.

Premier Moe has previously served as Minister of Environment, Minister of Advanced Education, Minister responsible for Saskatchewan Water Corporation, and Minister responsible for Saskatchewan Water Security Agency.

Hi there.

We don't think that the Administrator will be able to sign the forms digitally in Lotus Notes, so here are the pdf versions instead. Can someone please print these out and give them to him to initial, then pdf back to us? We will attach his initialed versions to the final ones we approve.

Thanks, Justina

Millan,

Thank you very much for getting back to me. I would like to give you a little background on our representation of the province of Saskatchewan. We have been representing the province for over 9 years now and while we have an excellent relationship with the Canadian Embassy, we have always made requests directly on behalf of the province. For example, Premier Moe's predecessor, Brad Wall, had an excellent meeting with Administrator Pruitt in April 2017 which we scheduled directly. The Canadian Embassy is aware of Premier Moe's visit to DC and in fact we have a tentative meeting scheduled with Ambassador MacNaughton the day of the Premier's arrival.

I would like to respectively renew our request for a meeting for Premier Moe with Administrator Pruitt on June 6th or 7th.

Thank you very much for your consideration,

David

Subject: Meeting request with Administrator Pruitt on behalf of Premier of Saskatchewan

Millan,

We represent the Canadian province of Saskatchewan. Saskatchewan's Premier, Scott Moe, (bio below) will be in Washington June 6th and 7th and would very much like to meet with Administrator Pruitt. The purpose of the meeting would be to discuss Canada-US environmental regulation.

Premier Moe is very much aligned with Administrator Pruitt's regulatory rollback. On April 25, Premier Moe launched a constitutional challenge to the Canadian federal government's carbon tax. Saskatchewan is the 5th largest oil producing jurisdiction in North America, and exports 65% of their oil production to the United States. Saskatchewan is also a very large natural gas and coal producer and exports the uranium responsible for 6% of the electricity in the United States. Additionally, Saskatchewan is home to Boundary Dam 3, the world's first commercial coal fired carbon capture and sequestration power plant.

Administrator Pruitt met with Premier Moe's predecessor in April, 2017 and the meeting was very insightful and productive.

Please do not hesitate to contact me should I be able to provide further information. I can be reached at <u>david.wilkins@nelsonmullins.com</u> or (864) 373-2231.

We hope to meet	with Administrator	Pruitt on	June	6^{th}	or 7 th .

Honourable Scott Moe, Premier of Saskatchewan

Scott Moe was first elected to the Saskatchewan legislature in the 2011 provincial election. He was re-elected in 2016. He was then elected Leader of the Saskatchewan Party on January 27, 2018 and sworn in as Premier of Saskatchewan on February 2, 2018.

Premier Moe was born and raised in the constituency on a grain farm between Shellbrook and Parkside. He and his wife Krista live in Shellbrook with their two children. As a family, they enjoy many outdoor activities in what he describes as the irreplaceable landscape of Saskatchewan.

Premier Moe was educated at the University of Saskatchewan where he received his Bachelor of Science in Agriculture. He has been active in the community through his work with the Economic Development Corporation, the Shellbrook and District Health Services Project Inc., and the Shellbrook and District Physician Recruitment Committee. He has also volunteered his time to work with local hockey and softball associations.

Premier Moe served as a member of the legislature's Standing Committee on Crown and Central Agencies and was deputy chair of the legislature's Standing Committee on Public Accounts.

Premier Moe has previously served as Minister of Environment, Minister of Advanced Education, Minister responsible for Saskatchewan Water Corporation, and Minister responsible for Saskatchewan Water Security Agency.

Meeting Request Form for Administrator Scott Pruitt

Today's Date: May 24, 2018

Meeting Date: June 6 or 7, 2018

Meeting Time: June 6 – 10:30 am or later

June 7 - any time except 1:00-2:30 pm

Requested Location (if offsite, please list address, parking instructions, etc.): EPA Headquarters DC

Requestor: David Wilkins, Partner, Nelson Mullins (on behalf of Premier of Canadian province of Saskatchewan)

Purpose of the Meeting: Premier Moe would like to discuss the Administrator's deregulatory agenda, especially as it relates to regulation of oil and gas, coal facilities, methane and carbon dioxide emissions

Background on the Meeting: Premier Moe is very much aligned with Administrator Pruitt's regulatory rollback. On April 25, Premier Moe launched a constitutional challenge to the Canadian federal government's carbon tax. Saskatchewan is the 5th largest oil producing jurisdiction in North America, and exports 65% of their oil production to the United States. Saskatchewan is also a very large natural gas and coal producer and exports the uranium responsible for 6% of the electricity in the United States. Additionally, Saskatchewan is home to Boundary Dam 3, the world's first commercial coal fired carbon capture and sequestration power plant.

Role of the Administrator: Premier Moe would like to gain a better understanding of the Administrator's deregulatory agenda in order to best position Saskatchewan's resource industry to continue to work seamlessly with US industry

Attendees: Honourable Scott Moe, Premier of Saskatchewan Shannon Andrews, Chief of Staff to the Premier Jodi Banks, Acting Deputy Minister of Trade and Export Development, Province of Saskatchewan Ambassador David Wilkins, Partner, Nelson Mullins Justin Meyers, Policy Advisor, Nelson Mullins

Subject: heads up

Hi there,

Kelly mentioned two upcoming trips that involve lunches and wondered if/how the Administrator could accept:

- Next week -- speaking at a farm, offered lunch; and
- In July speaking at a mine, offered lunch

Because both of these engagements are outside of the local commuting area, I told Kelly that she can work with Gail to complete the attached ethics travel form in advance. Then OGC/Ethics can approve the acceptance of the lunches, even if from a federally registered lobbyist, using the government-wide authority of 31 USC 1353.

Gail – sending you the form just to be sure you have it. Justina

Hi Ryan,

I hope you're doing well!

I wanted to reach out and extend an invitation to Administrator Pruitt to speak to the Tulsa Chamber during our Washington, DC Fly In on <u>Friday, May 11</u>. (As you might remember, he was out of town last year during our visit, but graciously helped us secure Secretary Zinke.) We're hoping his schedule will be open this year to address our group over breakfast at the Mayflower Hotel.

I've included all of the details below. As a side note, our trip runs from the evening of May 9 through May 11. We would love to have you join us for any time that your schedule is free! Is Michelle Hale still handling logistics, or is there another staffer I should include on this request?

Date: Friday, May 11, 2018

Time: 7:30am to 8:30am (or any one-hour period during the timeframe of 7:30-11:00am)
Location: Mayflower Hotel, Senate Room. 1127 Connecticut Ave. NW, Washington, DC 20036

Attendees: Tulsa Regional Chamber delegation

Appx. 75 CEOs and business/community leaders from the Tulsa region

(Detailed attendee list will be provided)

Thank you so much, and I look forward to hearing from you!

Dear Matt:

I asked Nancy Linnan for your new e-mail address at the EPA. I hope all is going well, and that you don't mind the interruption. I am writing to invite you to speak at the upcoming Lawyers for Civil Justice (LCJ) Membership Meeting to be held this May 3-4, 2018, at the St. Regis Hotel in Washington, D.C. Carlton Fields has been a long-time law firm member of the LCJ, and the organization's Executive Director, Andrea Looney, asked me to reach out to you about participating on a panel that discusses how the Cabinet has changed the regulatory environment since President Trump's election.

LCJ is a national organization of corporate and defense counsel supporting civil justice reform through judicial and legislative rule making. Our members include approximately 25 of America's best-known corporations, the major defense bar organizations, and approximately 70 law firms from around the country. You can learn more about the organization at: www.lfcj.com.

Attached please find an invitation letter from Ms. Looney containing further detail. Please let me know if you have any questions or would like any further information. I look forward to hearing from you.

The Honorable Scott Pruitt Administrator U.S. Environmental Protection Agency (1101A) 1200 Pennsylvania Avenue, NW Washington, DC 20460

Dear Mr. Pruitt,

Congratulations on a successful confirmation hearing and we are excited to begin work with you and your team at the United States Environmental Protection Agency. We would like to extend you an invitation to serve as our Keynote Speaker for the 83rd Annual Meeting of Delta Council.

Delta Council is a nonprofit economic development organization representing business, agriculture, and professional leaders in Northwest Mississippi. The 83rd Annual Meeting of Delta Council will be held on the Delta State University Campus in Cleveland, Mississippi. We would like to extend you an invitation to serve as our Keynote Speaker for this important Mid-South event.

In the past, our meeting has been held during the month of May, beginning at 10:30 a.m. and concluding with a 12:00 noon fried catfish luncheon on the grounds of the University, when an estimated 2,000 members and guests enjoy fellowship. In reviewing your calendar for the prospect of joining us as our Keynote, we invite you to select any weekday during the month of May, or any weekday during the Memorial Day Congressional Recess which extends until Friday, June 1. Although, our Keynote Speaker decides the date of our meeting, we recommend that the individual consider a Friday during the month of May, or one of the two Fridays of Memorial Day Recess (May 25 or June 1), in order that members of the Mississippi Congressional Delegation are able to join us as platform guests.

In the enclosed information outlining speakers from past Delta Council meetings, you will note that State Department Official Dean Acheson announced the principles of the Marshall Plan at the 1947 Annual Meeting of Delta Council. William Faulkner gave one of his most famous speeches at the 1952 Annual Meeting soon after accepting the Nobel Prize. Other distinguished leaders who have addressed our audience more recently include Chairman Patrick Leahy, Vice President George Bush, then-Governor Bill Clinton, Chairwoman Blanche Lincoln, Chairman Saxby Chambliss, Treasury Secretary John Snow, Senate Majority Leaders Bob Dole, Robert Byrd, and Trent Lott, and Agriculture Secretaries Dick Lyng, Jack Block, Mike Espy, and Ann Veneman.

When Delta Council was organized in 1935, members focused on three main areas of activity; The promotion of agriculture, including research and legislation relating to agricultural programs of special significance to area farmers, flood control and drainage which are imperative to the area's welfare, and the promotion and development of transportation facilities and services with special attention to the development of a modern highway system throughout the entire Delta.

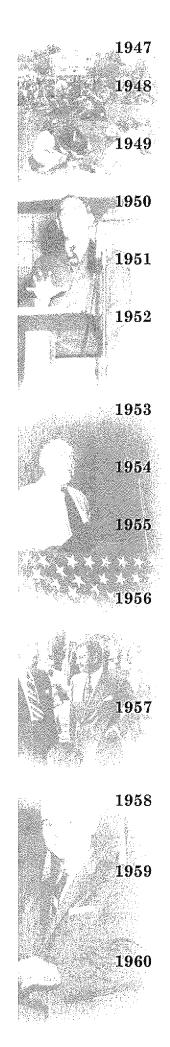

Speakers at Delta Council's annual meeting have included nationally recognized leaders including Senators, Congressmen, White House officials, Cabinet members, Generals, Admirals, scientists, business leaders, writers and astronauts. On Delta Council Day in 1947, Dean Acheson, the Under Secretary of State, substituted for President Truman and unveiled the outline of The Marshall Plan. In 1952, William Faulkner, Mississippi's Nobel Prize-winning author, lectured the audience on the connection between independence, freedom and responsibility. Other noted speakers are listed in chronoloical order.

Perdue: Restoring rural America primary goal

BY FORREST LAWS

Farm Press Editorial Staff forrest.laws@penton.com

AGRICULTURE SECRETARY SONNY Perdue says there's little doubt the urban areas of the U.S. are recovering from the "Great Recession."

The same can't be said for the remaining 14 percent of the population who live in rural America.

According to economists, that reces-

sion began in December 2007 and ran through 2010. During that time, almost 9 million jobs vanished from the U.S. economy and GDP shrank by more than 5 percent, making it the worst recession since the Great Depression in the 1930s.

"While the rebound has been slow, most of America has recovered and is now ahead of where they were when the recession kicked in," Perdue said. "But the same cannot be said for many pockets of our rural population, and that, ladies

and gentlemen, concerns me and that is our challenge,"

Perdue, the former governor of Georgia who clearly reveled in addressing a southern audience, was the keynote speaker at the 82nd annual meeting of the Delta Council, the organization that represents agriculture and business in northwest Mississippi, which has been referred to as home of the some of the poorest counties in the country.

During the Delta Council annual meeting, also on the Delta State University campus, in 1947, then Assistant Secretary of State Dean Acheson laid out the principals for what became the Marshall Plan for the recovery of Europe from World War II.

On June 9 Secretary Perdue spoke

about the need for a renewed effort to restore prosperity to the rural areas of America that have been left behind in the recovery since the end of the last recession.

"Today, sadly, nearly 85 percent of America's persistently impoverished counties are not in the inner cities, but in rural areas," he said. "One in four children live in poverty, a rate we've not seen since 1986. Deep poverty, which is defined as having income of less than half of the poverty threshold, is more prevalent among children in rural areas than it is in urban areas.

"We hear a lot of attention in the media about the decaying inner cities, but we have situations out in rural areas that it is my absolute intention to address, and the president's intention to address, as well."

He cited the exodus of young people because they can't find gainful employment in the small towns and rural areas as another reason for concern,

"You and I know that our children are growing up and leaving our rural communities and not coming back," he said. "With four children and 14 grandchildren, my wife, Mary, and I are the kind of parents who want to gather them around as close to us as we can."

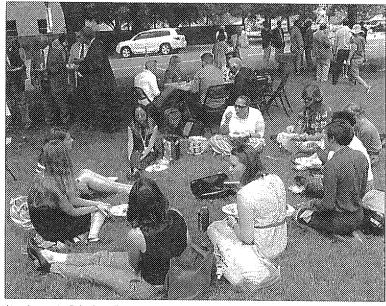

LOWEST LEVEL SINCE 2010

The secretary noted the growth of the rural population has not kept pace with the remainder of the country, "and is now at its lowest level since 2010. So the question begs itself — what do we do? We're not going to stand idly by."

The president, he said, has asked all leaders in the administration to focus on job creation. USDA will focus, in particular, on job creation, economic vitality and prosperity in rural America.

Perdue, who called President Trump "a man of action — he says what he means and means what he says, and so do I," listed several action verbs USDA will use in that quest: collaborate, eliminate, innovate and "sellabrate."

Saying the administration plans to collaborate across all departments, including USDA, Perdue cited the employees he visited at the USDA Agricultural Research

Attendees at the Delta Council annual meeting enjoy the dry, cooler than normal weather and the catfish on the Quadrangle at Delta State University in Cleveland, Miss. Delta State has served as host of the DC annual meeting for most of the organization's 82 years.

Service and Mississippi State University facilities at Stoneville, Miss., on his trip to the Mississippi Delta as examples.

"I've never seen a better collaboration between state and federal partners than I observed yesterday and today in speaking with the employees of the Stoneville research facility. We need more people, not less, coming together at the federal level, the state level, the local level, the private sector, the public sector for the benefit of all of us. It's all of our civic responsibility to participate like that."

'NOT GOING TO HURT YOU'

He gave audience members a new take

on the old saying "We're from the govement, and we're here to help you" to a plain the second action verb: elimina as in doing away with excessive regutions, one of the main campaign them of Republicans during the 2016 election

"Our statement will be 'We're he from the government, and we're not ging to hurt you. We're not going to your adversary; we're going to be yo facilitator and to help you grow Ame ca again."

Innovation will involve finding of ways to bring products from rural Amelica to other markets both domestical and around the world, it also means making sure rural residents have access capital, business development opportuities and the internet.

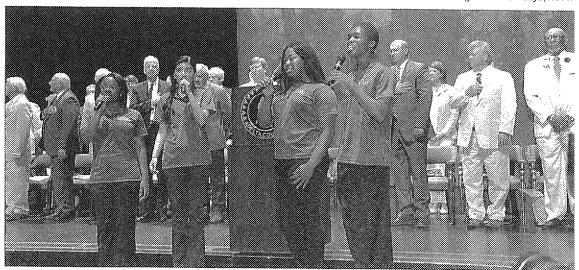

In his term as governor of Georgia fro 2003 to 2011, Perdue established a pulic-private sector commission, called Ti-Commission for a New Georgia, that icused on the way the state conducts business activities.

"You'd better believe we implement the proposals from that commission th made sense," he said. "My commitment the members was that if you spend yotime and come up with sound ideas th make sense from a business perspectiv we will implement them."

180 DAYS TO REPORT

Perdue said he believes the president e pects the same level of achievement fro the inter-department task force he asku Secretary Perdue to chair shortly after I was sworn in as secretary of agricultur

"The president, as I said, is a man action, and he gave me 180 days, not tw

years or four years, to come up with a report, and we plan to accomplish that directive with good, sound ideas," the secretary noted.

The secretary said he's using a new spelling for the word celebrate — sell-a-brate — because of the importance of increasing exports of U.S. agricultural products overseas.

"I've told the producers of America that they do a great job of producing it, and it's my job to sell what they produce around the world," he said. "We have a hungry world that wants good, US-DA-stamped products. We're going to go around the world and develop free and fair trade policies where the producers of America benefit."

He defended his plan to reorganize USDA by creating a new undersecretary of agriculture post for trade and foreign agricultural affairs."I want a person who gets up every morning with the one question on their mind — Where can I go today

to knock on doors and sell America's agricultural products. Ladies and gentlemen, you grow it, and we're going to sell it.

"The new undersecretary for trade will work hand-in-hand with our Secretary of Commerce Wilbur Ross and our new U.S. Trade Representative Robert Lighthizer, because food is a noble thing to trade."

Although critics have said Perdue lessened the rural development role of USDA by removing the undersecretary post for rural development to make room for the new trade undersecretary, he said he had, in fact, elevated it by having a new position of assistant secretary for rural development report directly to him.

The new assistant to the secretary will have "walk-in privileges where we can make decisions very quickly and deploy the vast resources of rural development across this country," said Perdue." I didn't want to add another layer to the bureaucracy to stand in the way of good ideas and better ways to do things."

The discipline of applied science is nothing new. Anytime existing scientific knowledge is used to develop practical applications, applied science is at work. You've used it to solve problems and perform tasks, and John Deere is no different. Case in point—our new ExactApply* nozzle control system, carbon fiber boom and CommandView* lil cab.

By designing a hybrid system that combines pulse-width modulation with individual nozzle control, ExactApply offers 3 times the pulsing frequency of traditional nozzles, total operator control and precise application management. Put it to work and you'll cover more ground while meintaining your target rate and pressure over a wider range of speeds, decrease overlap, reduce input cost, increase productivity and maintain consistent droplet size.

To deal with soil compaction, crop damage and corrosion, we took it to the molecular level and constructed 120- and 132-ft. carbon fiber booms. This strong and durable yet lightweight material reduces boom wing weight by more than 35% compared to steel booms, and improves productivity by 8% [with 132-ft. booms. And the simpler design is not only more corrosion resistant, it's also easier to clean and maintain. Put it to work and you'll increase productivity and yield notential by reducing damage to the soil and your crop.

The advancements don't stop there. We've outfitted our CommandView III rah with the 4600 CommandCenter" and redesigned the CommandARM? and multi-function handle to offer reconfigurable buttons. Put these to work and experience the benefits of a fully connected system – more flexibility, ease of use and a workspace truly customized to fit how you work.

U.S. Secretary of Agriculture Sonny Perdue gave the keynote addresses on increasing job growth in rural America at Friday's Delta Council Meeting at the Bologna do here at the Delta Council is so important. perity in rural community.

The secretary's first point was to collaborate more between the United States Department of Agriculture and every department of the federal government.

"We need more not less people at the federal level, at the state level, the local level, the private sector, and the public sector coming together for the benefit of all of us. It's all of our responsibility to participate. The better collaboration we have, the better prosperity we will have in the future," said Perdue.

He mentioned his position as chair of a new federal task force on agriculture and rural prosperity and said, "The taskforce is made up of a number of cabinet secretaries from 20 different federal departments and agencies. We are going to be looking at problems facing rural America and find solutions.

"We're going to work on ideas like quality of life issue like access to medical care. We're going to empower an educated and qualified workforce in our rural community just like you're doing here, to make companies know if they expand, they're going to get a hardworking work ethic and a loyal."

His second point focused on eliminating what he referred to as unnecessary regulations.

"The president has created a regulatory reform task-force; every agency will look at excessive regulations that are job killers and stifle our growth. At USDA we're business, I have one person dedicated to cataloging all the existing regulation and asking some pretty simple

questions, Does the regulation make sense? Is the result worth the extra requirements on people, and will it help us grow jobs in the economy? If the answer to each of these is not yes, then we must ask, What is the regulation for and why do we have it?"

He said the government must stop placing obstacles and tell people what they can't do. He said citizens must encourage government to not place barriers around job creation and prosperity.

His third point was on innovations and mentioned Trump plans to invest in infrastructure.

"Yesterday, I was at the White House talking to the president, developers, and mayors from around the country about infrastructure. We must partner with our states; our regions like the Mississippi Delta that we know are destined for the right infrastructure projects. We want a strong return and investment to create jobs and grow the economy," said Perdue.

His last point was about celebrating America, which he spelled sellbrate.

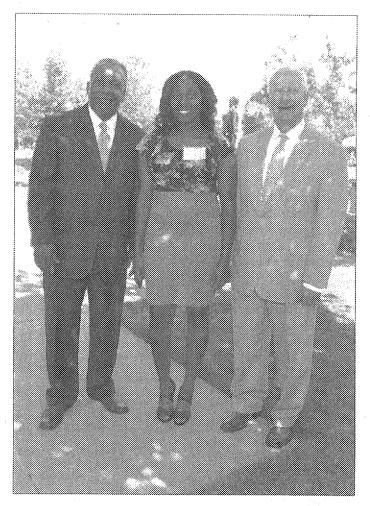

"We have a hungry world that wants good USDA stamped products, they're waiting for it. We're going to go around the world and develop free and fair trade policies for the producers of American goods can benefit from the hungry world out that, wanting what we grow."

In closing he revealed that he would be working closely with the Director of Rural Development for USDA to tackle job growth in rural areas.

DELTA HONOR GRADUATES EVENT HELD RECENTLY

United States Senator Roger Wicker and USDA Southeast Area Associate Director Archie Tucker presided 140 high school seniors, who were chosen by their High School Administrators, were honored on the Delta State University campus

on June 9th, preceding Delta Council 82th Annual Meeting.

Public, private, and parochial schools throughout the 18 Delta and part-Delta counties selected at least two honor graduates based on their leadership skills, civic involvement, and promise for the future. The honor graduates were presented with a certificate of recognition signed by the Honorable Roger Wicker and medals by USDA executive Archie Tucker, in acknowledgement of their achievements not only in the classroom, but also as promising future leaders of the Delta.

At the event, each individual young Delta leader was given a photo opportunity with the hosts. The Humphreys County students who participated in the event are pictured with Senator Roger Wicker and Mr. Archie Tucker.

Thanks, Kelly! If the Administrator pays for his own lunch, it's not a gift and he may attend. Several of these companies are federally registered lobbyists, so no gifts. Do you have the run of show itinerary for this trip? – seeing it in context will be really helpful to make sure there are no other issues on which to advise. Thanks! Jennie for OGC/Ethics

MATTHEW G. BEVIN
GOVERNOR

700 Capitol Avenue Suite 100 Frankfort, KY 40601 (502) 564-2611 Fax: (502) 564-2517

February 27, 2018

Mr. Scott Pruitt United States Environmental Protection Agency 1200 Pennsylvania Avenue, N.W. Washington, DC 20202

Dear Scott:

The 144rd world-renowned Kentucky Derby will be held on Saturday, May 5, 2018, in Louisville, Kentucky. This year's "Run for the Roses" will be the highlight of a fun-filled weekend in the Commonwealth. Glenna and I invite you and Marlyn to be our honored guests and share in the excitement of this unique and festive time of the year in Kentucky.

Our 2018 Derby weekend will kick-off on Friday evening, May 4, with a black-tie Derby Eve Celebration at the Governor's Mansion. We will showcase some of the best products that Kentucky has to offer from our signature bourbon, food, and wine industries.

On Saturday, May 5, our guests will travel to Louisville, where we will enjoy an afternoon of racing on Millionaire's Row at Churchill Downs. Before the running of the Derby, also known as the "Most Exciting Two Minutes in Sports," the horses step onto the track for the post parade and 160,000 people sing along as the University of Louisville Marching Ban strikes up Stephen Foster's, "My Old Kentucky Home."

At the conclusion of the race, we will travel to Jim Beam American Stillhouse for dinner and a brief tour where you may assist with filling your own bottle of Knob Creek bourbon.

We hope that you will be able to join us for what is sure to be a most memorable weekend in Kentucky. Glenna and I look forward to hearing from you.

Sincerely,

Matthew G. Bevin

Governor

Subject: (ETHICS ADVICE) Invitation to CBS News' 2018 White House Correspondents' Dinner Reception

Dear Jahan,

OGC/Ethics advises you <u>may accept</u> this invitation as a gift and you may attend the event. The reception qualifies for the WAG rule gift exception, and as such OGC/Ethics determines that the your attendance at the event is in the Agency's interest because it will further agency programs and operations. This advice does not permit you to attend the dinner and should you receive a separate invitation for that event, please send it to me for review. See the following for more complete details.

Best, Jennie for OGC/Ethics

White House Ethics Pledge

The White House Ethics Pledge does not allow political appointees to accept gifts from registered lobbyists. One of the hosts of the event <u>is</u> a federally registered lobbyist (CBS News). However, the organization is also a media organization. Normally, this would be a prohibited gift under the President's Ethics Pledge, however, media organizations are specifically excluded from this ban and the person extending the invitation is not a lobbyist herself. Therefore, the Ethics Pledge is not implicated.

Acceptance of Free Attendance to a Reception (WAG rule)

This gift offered is a gift of free attendance to a reception preceding the White House Correspondents Dinner, hosted by Atlantic Media and CBS News. Therefore, we must analyze it according the gift rules. Generally, federal employees are prohibited from accepting gifts given because of their official position or given by a prohibited source — typically a person either regulated by or seeking to do business with the EPA. In this instance, this is a gift offered because of your official position. There are exceptions to this rule to allow employees to accept some gifts, and in this instance the WAG rule is available because the reception will be widely attended (approximately 500 people), there will be a diversity of views represented, and an opportunity for the exchange of ideas. There is an Agency interest for you to attend this event because as EPA's spokesman, it's important for you to have the opportunity to meet other representatives from media organizations.

Financial Disclosure Implications

The gift is valued below the reporting threshold of \$335. Therefore, there is no obligation to report this on the annual public financial disclosure report due May 15, 2019 (your report due this year in May will cover gifts received in 2017).

Hi Jennie.

Just wanted to check in on the status of this. My understanding is that Mandy can accept free registration for this event, since she is speaking at it as part of her usual work, but she cannot accept free lodging. Please let me know if this is correct. I am uncertain if Alex can accept free registration if he is simply attending, not speaking – your advice here would be appreciated as well.

Hey Romy,

Thank you for the confirmation email. I'm looping in Emily Atkinson who helps with the travel logistics and Alex Dominguez who I am hoping to bring as a guest. We will follow up tomorrow to touch base on logistics and provide updated info.

Best, Mandy

Hello Mandy,

We are delighted that you will be speaking at the Eastern Fuel Buyers Conference in May in Orlando, Florida!

Your speaking spot is either Thu 10 or Fri 11 May in the morning. We will confirm the exact time in the next few weeks.

I'll be taking care of your complimentary conference registration for your and a guest as well as your room reservation. The conference will pay for 2 nights hotel stay. What will be your arrival and departure dates please? And will you be bringing a guest?

Also, for your conference registration, are your coordinates still the same?:

Good morning, Ms. Atkinson,

I'm writing to request a meeting with Mr. Wehrum within the next week to discuss forthcoming guidance we understand EPA will be issuing to clarify the holding of the D.C. Circuit in *Mexichem Fluor v. EPA* (No. 15-1328). I represent The Chemours Company in the matter, and I would likely be joined by Jonathan Martel, who represents Honeywell International and possibly representatives of the two companies. Given the issues we would like to discuss, we believe it may also be beneficial to EPA if Matt Leopold or another representative of the Office of General Counsel is able to attend.

Many thanks, Tom Lorenzen

Dear Administrator of the Environmental Protection Agency Scott Pruitt,

Dr. Donald Sweeting, President of Colorado Christian University, and I invite you to speak at the 2018 Western Conservative Summit.

The Western Conservative Summit is hosted by the Centennial Institute, a public policy think tank at Colorado Christian University advancing faith, family, and freedom.

The Western Conservative Summit is one of the largest gatherings of conservatives each summer. As Allen West said, "The Western Conservative Summit has become the premier summer destination for Americans who still believe in freedom, family, faith, and the future."

Previous speakers have included President Donald Trump, Ryan Zinke, Jay Sekulow, John MacArthur, Sarah Palin, James Dobson, Scott Walker, Phil Robertson, Dennis Prager, Tim Scott, Mike Huckabee, Rick Santorum, Carly Fiorina, Rick Perry, Ben Carson, James Lankford, Ben Sasse, Spencer Tillman, Lee Strobel, Mike Lee, Star Parker, Hugh Hewitt, Mia Love, Robert Woodson, the House Freedom Caucus, and many others.

The Western Conservative Summit will be hosted at the Colorado Convention Center in Denver, CO from June 8-9, 2018. Main sessions begin Friday morning and continue through Saturday evening.

It would be a tremendous honor to have you serve as a keynote speaker. Western conservatives want to hear about your strong vision and leadership for America. Currently, over 90% of Colorado conservatives approve of the job of President Trump's Administration.

Amy Smith, aesmith@ccu.edu (303-963-3354), is our Director of Operations and will coordinate travel and speaking schedule with your team.

Please let us know if you can join us or if you have any questions.

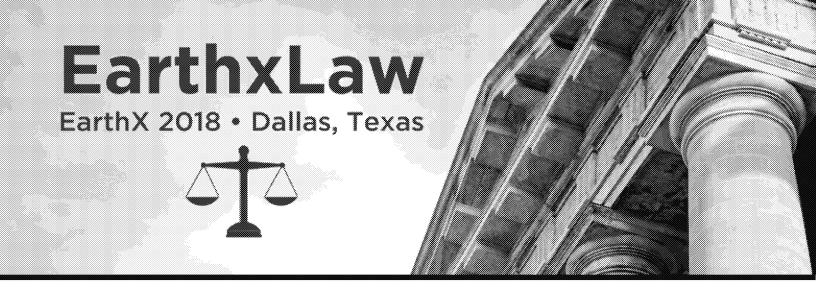

Yours for faith, family, and freedom,

Jeff Hunt

Law & Policy Symposium - "Back to the Future!" HALL OF STATE • FAIR PARK • APRIL 20, 8:00AM - 4:00PM

Public concern with environmental protection and compliance with environmental laws are key factors that affect the decision-making and behavior of the nation's business community. The Environmental Law & Policy Symposium—"Back to the Future!"—brings together leading legal scholars and subject matter experts from environmental organizations, business, academia, and the government for what is expected to be a lively discussion of fundamental issues with broad ramifications for those affected by and interested in sustainability and environmental law.

This symposium is a truly unique opportunity to hear a series of discussions of environmental thought leaders, with diverse perspectives, on legal issues relevant to charting a course for a future that is both protective and productive.

Hi Justina,

Mandy Gunasekara in OAR IO has been asked to speak at the Eastern Fuel Buyers Conference on May 9-11 at Disney's Yacht and & Beach Club Resort in Florida. Attached is a form that contains a description of the event. Alex Dominquez is also planning to attend the conference. The conference organizers have offered to waive the registration fee for Mandy and for Alex, and to pay for Mandy's hotel for two nights. Is it ok for Mandy and Alex to receive free registration? Likewise, is Mandy allowed to accept their offer to pay for her room?

Thanks, in advance, for your help, Isabel

I did think of another thing ... because yours is a political group, EPA will not be able to pay for any local travel expenses associated with the event. Luckily enough for us, the event is easy walking distance from EPA. But if for security reasons he is driven, then EPA may need to bill you for the mileage, which is likely going to be a very minimal amount. Still, I would like to be sure that he remains above any claims of improper behavior. Will your organization agree to pay the bill (again, likely to be minimal, less than \$5)? Also, EPA will prefer that Mr Pruitt attend in his personal capacity, not as the Administrator. To that end, we ask that you not refer to him by his title or include his title in any name tag. Will that be acceptable to you as well?

Subject: [EXTERNAL] questions from US EPA's Ethics Office

Dear Ms. Furciniti,

My name is Justina Fugh, and I am the Senior Counsel for Ethics at the United States Environmental Protection Agency (EPA). I understand that your political organization wishes to invite E. Scott Pruitt, the EPA Administrator, to attend the Chairman's Reception of the National Republican Congressional Committee on March 20. As you know, Mr. Pruitt is a federal employee subject to the Hatch Act which places certain restrictions on his political activity. Among other things, he is not permitted to use his EPA official authority in connection with political activity, nor can he be engaged in any fundraising effort.

To determine the parameters for Mr. Pruitt's attendance, I am writing to ask you some questions about the event and to share with you the ground rules. Could you, please, review the attached ground rules and then consider and reply to the questions below?

You mention in your email that there will be donors present. Is this considered to be a fundraising event? Will the speakers (if any) ask for donations? Will there be a table or booth or other place set up for people to make donations? With respect to use of his title, is it your intention to have name tags available or used? Will Mr. Pruitt's name be used in any of the promotional materials?

We hope that will understand that our intention is to ensure that Mr. Pruitt is able to abide by the Hatch Act, and we will appreciate your assistance in ensuring that he does.

Thank you, Justina

The reason is that he got the invitation from his former employer. I can talk to him about this sort of invitation when I do his ethics briefing.

Good afternoon Justina!

I hope you are well! I am reaching out, on behalf of Steven Cook, to ask if it's ok for him to attend the forum described below on March 5? He indicated that he would be there in listening mode only. Since he used to work for LyondellBasell Industries, who sent him the invitation on behalf of ACC and TCC, I just want to make sure there are no ethics issues with him attending.

EPA Region 6 is also attending; the RA is on the panel. Please let me know if you need additional information. Thank you!

Hi Mandy,

The person who invited you to this event, Maryam Brown, is herself a federally registered lobbyist. So we want to proceed with some caution here. She's inviting you because of your official position to participate in a roundtable at which you will be speaking. That being the case, you may in fact participate and partake of any food or non-alcoholic refreshments that are offered. 5 CFR 2635.203(b)(8). Because this is an official event for you, you may refer to your EPA position and title, speak on behalf of EPA, and also can ask EPA to pay for any local travel expenses.

Hello, Mandy. No doubt this email finds you extremely busy! But doing great things--- and hopefully that helps you get through the long days. Things in the downtown world are good. You all give everyone much to be excited about and to support.

I'm reaching out as a Board member of an organization called WERC. It stands for Women's Energy Council Roundtable. My guess is that you have interacted with us in the past at events, but it is a women's energy group here in DC. Board cross-section of D.C. professionals, government and non-government, coming together. I am happy to give more background on us if you are interested. I love the group and being on the Board of it.

We host roundtables/ receptions every month or so and there is usually a guest speaker- women leaders working in the policy space. My colleagues were excited to hear about the role you have at EPA and asked for me to see if you could join us for roundtable on **February 8**th. Normally they run from **4-5**. It is in a private room at **Charlie Palmers**.

WERC is a 501c(3) non-profit organization. This is a widely attended event and meets the House and Senate ethics standards.

Let me know what you think. I think you'd be fabulous.

Meeting Request Form for Administrator Scott Pruitt

Today's Date: December 6, 2017. We had extended a prior invitation for our annual meeting the last week of November 2017 in Phoenix, but that event didn't work out.

Meeting Date: February 5 or 7, 2018 – whichever is most convenient.

Meeting Time: Evening (dinner speaker) on Monday February 5 or any time in the morning before 11:00 AM on Wednesday, February 7, 2018.

Requested Location (if offsite, please list address, parking instructions, etc.): Westin City Center Hotel, 1400 M St. NW, Washington DC – this is the host hotel of our Board Meeting.

Requestor: Daren Coppock, President & CEO, Agricultural Retailers Association (www.aradc.org)

Purpose of the Meeting: We would like Administrator Pruitt to speak to our board about EPA's new direction under his leadership. Our organization is very pleased with EPA's return to science and statue under his leadership, particularly so with the Agency's decisions on issues like WOTUS, certain pesticide regulatory decisions, and his policy change relating to "Sue & Settle". We would like him to share with our Board the priorities for EPA going forward and how we can help make some of these changes durable if not permanent.

Background on the Meeting: This meeting is ARA's winter Board of Directors meeting and will have over 50 agribusiness leaders in attendance (list available at http://www.aradc.org/about/araboard). We hold committee meetings on Monday, schedule Hill and agency visits on Tuesday (last year we had over 150 meetings on that one day), and a Board meeting Wednesday morning. All events except Tuesday's Hill visits are held at the Westin City Center Hotel.

Role of the Administrator: Keynote speaker

Attendees: Leaders of American agricultural retail companies who supply products and services to farmers. The product and service offerings include fertilizer, crop protection, seed, agronomy consulting, scouting, precision agriculture, and related products and services. Our board also includes the suppliers of many of these products as well. (list available at http://www.aradc.org/about/araboard).

Point of Contact: Daren Coppock, ARA President & CEO. Office: (202)595-1724. Mobile: Ex. 6 - Personal Privacy Email dcoppock@arade.org.

Hi Hayley,

Do you know whether the Administrator is attending the American Opportunity Alliance meeting on September 28th in New York? OGC/Ethics previously spoke with Jay Kramer from the AOA and determined that this is a political event. Since there are Hatch Act implications, we wanted to follow-up to see if the Administrator is planning to attend.

Justina,

Hope all is well. I was invited to the same conference that my colleague Daisy Letendre was approved to attend by the OGC.

Could you let me know what I need to do moving forward to be able to accept this invitation? I need an ethics approval to accept the travel by Friday, December 1st to meet their deadline.

I tried you in your office a few minutes ago, but if it easier to explain over the phone please call my cell Ex. 6 - Personal Privacy . I am flying back to DC tonight at 6:00pm, but I am available other than that.

Thank you!

Hi Daisy,

The short answer to your question is that EPA (meaning OGC/Ethics) can accept the offer of travel expenses, not you. The way we accept the travel is through our Lotus Notes database (see http://intranet.epa.gov/ogc/ethics/travel.htm) but you need to have a current Lotus Notes ID or password. See if you've got that (or can get it from EZ Tech). They may not want to install it for you if you don't have it already since it's being discontinued at the end of 2017. If you run into trouble, then fill out the attached pdf completely, sign it, and then get your own Deputy Ethics Official (Shannon Kenny) to sign off and then return it to me. I'll enter it into the system manually for you.

RSVP for CES 2018

Dear Ms. Letendre,

You are invited to be the special guest of the Consumer Technology Association (CTA)[™] at our nation's largest annual tradeshow - <u>CES</u>[®] 2018, to be held **Jan. 9-12, 2018** in Las Vegas, NV.

As a technology policy leader, you are invited to participate in our <u>Leaders in Technology</u> (<u>LIT</u>) program at CES. As a participant, you will experience firsthand the innovative consumer technology industry that drives the American economy and provides millions of U.S. jobs.

CES is the world's gathering place for all who thrive on the business of consumer technology. Featuring the largest, global hands-on showcase of emerging innovation, CES represents all aspects of the technology spectrum. As an LIT program participant at CES 2018 you will be able to interact with cutting-edge technology such as drones, 3D printers, and self-driving technology, as well as discuss the policy issues that govern such emerging technologies as part of the Innovation Policy conference program.

The program is also designed to meet the ethics requirements for privately-sponsored travel. The program, including guest rooms and the Leaders in Technology registration suite, is headquartered at the Encore at Wynn Hotel.

CTA is offering to provide your roundtrip airfare, lodging, transportation in Las Vegas from and to the airport, as well as the show sites and group meals during your stay in Las Vegas. Your office must provide advance written authorization for your participation in this privately-sponsored travel. CTA is not a lobbying firm, but does employ federal lobbyists. If you are unable to accept CTA's payment but wish to participate, please indicate this during the registration process.

Register today at <u>CES.tech</u>. This is a limited, non-transferable invitation and we ask that you reply by Nov. 17.

We hope that you will be able to join us for the Leaders in Technology program at CES 2018 - the global stage for innovation.

Sincerely, Gary Shapiro President and CEO

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY WASHINGTON D.C., 20460

GROUND RULES FOR PARTICIPATION IN A POLITICAL EVENT

Your campaign has invited a Presidentially-Appointed and Senate-confirmed appointee of the U.S. Environmental Protection Agency to speak at your political event. The Hatch Act, 5 U.S.C. §§ 7321-7326, sets forth certain restrictions that this employee must follow. She cannot use her official authority to further political activity; cannot solicit, accept or receive political contributions; and cannot solicit or discourage the political participation of anyone who has business pending before the Agency.

We ask that you review our ground rules carefully and ensure that they are followed. Failure to follow these rules may result in withdrawal of any approval to allow our employee to speak at your event.

- You must provide EPA with a copy of the invitation and any other public communications regarding the event before you may distribute them so that our counsel can ensure compliance with federal rules.
- Once EPA agrees to the final version of the invitation or other public communications, you cannot make any subsequent changes to the text or format nor change the title of the electronic files.
- You must provide EPA with a complete description of the event, the proposed venue, any sponsors or affiliated entities, and a summary description of proposed invitees.
- You may not specifically target invitees with interests before the Agency. If EPA agrees to provide a speaker, you will provide a list of all invitees to EPA and their contact information at least 48 hours in advance of the event.
- When you issue your invitations, you will include this statement as part of the distribution:

PLEASE NOTE: The federal Hatch Act prohibits this speaker from soliciting or discouraging the political participation of any person who has an application for any compensation grant, contract, ruling, license, permit, or certificate pending before US EPA. If you or your company has any business pending before any part of EPA, we ask that you not attend this event.

Any questions regarding these rules should be directed to Justina Fugh, Senior Counsel for Ethics, at fugh.justina@epa.gov or 202 564 1786.

Hi Hayley,

Yes, the Administrator may attend. It's not considered a gift because it's coming from a government agency. When a government agency is hosting the event, it's not even considered a gift (even though free dinner is often called a gift!).

Does that help?

Hi Haley!

OGC/Ethics approves of the Administrator attending this event. After a series of emails with the NGA, I've clarified that it's the government side of the Gallery hosting the event. That means it is not a gift. And while it appears that BP may be co-hosting the event, it really is the Gallery's event only. The event is to honor BP for being a major sponsor of the upcoming Vermeer exhibit. That's why the invitation is phrased the way it is.

Many thanks!

External Meeting Request Form for Administrator E. Scott Pruitt

U.S. Environmental Protection Agency

To request the Administrator to attend and/or speak at your event, please complete and submit the following form.

Today's Date: August 28, 2017

Meeting Date: Sept. 15- morning Sept. 25 Sept. 26 Sept. 29-afternoon

Meeting Time: Sept. 15- morning Sept. 25 Sept. 26 Sept. 29-afternoon

Requested Location (if offsite, please list address, parking instructions, etc.): EPA DC office

Requestor: Mimi Braniff, Managing Director for Delta Air Lines on behalf of:

1) Graeme Burnett, SVP of Fuel Optimization for Delta Air Lines and Chairman of the Board for Monroe Energy (a wholly owned subsidiary of Delta Air Lines)

2) Jeff Warmann, CEO of Monroe Energy

Purpose of the Meeting: To discuss the Renewable Fuel Standard (RFS), the impact the standard has had on the merchant refining industry, and Delta/Monroe's suggestions to fix the RIN market.

Background on the Meeting: Delta purchased a refinery in Pennsylvania in 2012. Monroe Energy (a wholly owned subsidiary of Delta) operates the refinery, and it is one of the few refineries still operating in the Northeast region. Unlike integrated refiners who produce finished gasoline and can separate RINs when they blend renewable fuel, merchant refiners-such as Monroe Energy- must buy a majority of their RINs on the secondary market.

For 2016, our compliance costs were greater than the purchase price of our refinery. We would like to have the opportunity to share our ideas on how to fix the RIN market to make the RFS a better program.

Role of the Administrator: The Administrator oversees the RFS.

Attendees:

- 1) Graeme Burnett, SVP of Fuel Optimization for Delta Air Lines and Chairman of the Board for Monroe Energy
- 2) Jeff Warmann, CEO of Monroe Energy
- 3) Mimi Braniff, Managing Director, Delta Air Lines
- 4) Steve Shimberg, SJSOLUTIONS PLLC, outside counsel

Subject: RE: Quickturn Ethics check for Lee's event tomorrow

Yes, of course there are ethics issues associated with these events. He is being offered gifts of free food because of his official position and from prohibited sources. Obviously, you all –including Allison – will benefit from taking this year's annual ethics training that focuses on gifts and travel. There are three different events to consider, and they all raise concerns.

EVENT	ETHICS RESPONSE	ETHICS CITATION
Lee is speaking at the NACWA	OK. Because he is speaking on that	5 CFR 2635.203(b)(8)
National Clean Water Law	day, he can accept free attendance at	
Seminar event in Savannah, GA	the conference on that day	
	ONLY. Anything that is offered to all	
	other participants can be accepted	
	by Lee on the day that he is speaking,	
	including meals and receptions. Any	
	special ticket events cannot be	
	accepted without specific approval	
	from an ethics official.	

He wants to attend the event's Roaring 20s Reception from 6:00-7:00 pm the day before which is free to all event attendees.	NO. The gift exclusion used above does not apply here. If he wants to attend this event, then you need to do a widely attended gathering determination. But if the donor is a federally registered lobbyist, then that won't work.	Possibly a WAG per 5 CFR 2635.204(g) unless the sponsor is a lobbyist. If so, then possibly OGC/Ethics will consider an ethics travel approval. If not possible, then we have to ascertain the cost per person from the donor and he pays out of his own pocket. It won't be good enough for him to say he will pay for his drinks like at a cash bar.
He is also planning to attend the speaker dinner the night before which is by invite only. He is the guest of honor at that event. We're checking to see if the other attendees have to pay to attend the event or not.	NO. He needs ethics clearance to attend the speakers' dinner, and I don't see how he can be the "guest of honor." What does that mean? I need to see how they are promoting this event. He can't be honored with reference to his EPA position and title, and if the donor is a federally registered lobbyist, then there are Trump pledge issues here, too.	OGC/Ethics can possibly consider an ethics travel approval, but there are other serious concerns here.

The information contained in this message is confidential and may be legally privileged. If you have received it in error, please notify us immediately and delete this message. Thank you for your cooperation.

We look forward to seeing you next week for NACWA's 2017 National Clean Water Law Seminar. Please refer to this e-mail as you plan your stay!

Before Leaving Home

What to Pack - Business casual attire should serve you well – check <u>here</u> to see what weather will be waiting for you in Savannah, GA!

Plan Your Stay in Savannah – Be sure to check out the <u>Participant List</u>, <u>Agenda</u>, <u>Speaker Handouts</u> and a list of <u>things to do in Savannah</u>. On Tuesday night, enter the prohibition era and enjoy the <u>Roaring 20s Reception</u>. Feel free to come in costume, or we will help you dress the part! The next morning, drag yourself out of bed and join the early risers at 6:30 am in the lobby for a scenic Savannah sunrise run.

Download the NACWA Events App – NACWA strives to be as environmentally-friendly as possible, so we encourage you to bring your tablet or laptop and download the <u>NACWA</u> Events App. The App, available for <u>Apple</u> and <u>Android</u> mobile devices, includes the agenda, speaker presentations and biographies, a participants list and more. Internet access will be available throughout the meeting rooms during the *Seminar*.

Upon Arrival

Ground Transportation – The Hyatt Regency Savannah is approximately 8 miles from the Savannah Hilton Head International Airport (SAV). The Hotel does not offer a complimentary shuttle; however, there are several transportation alternatives including: taxi (to the Hotel is approximately \$28 and will take 20 minutes); <u>K Shuttle</u> (\$20 one-way or \$30 roundtrip); or rental car (valet and self-parking are available at the Hotel).

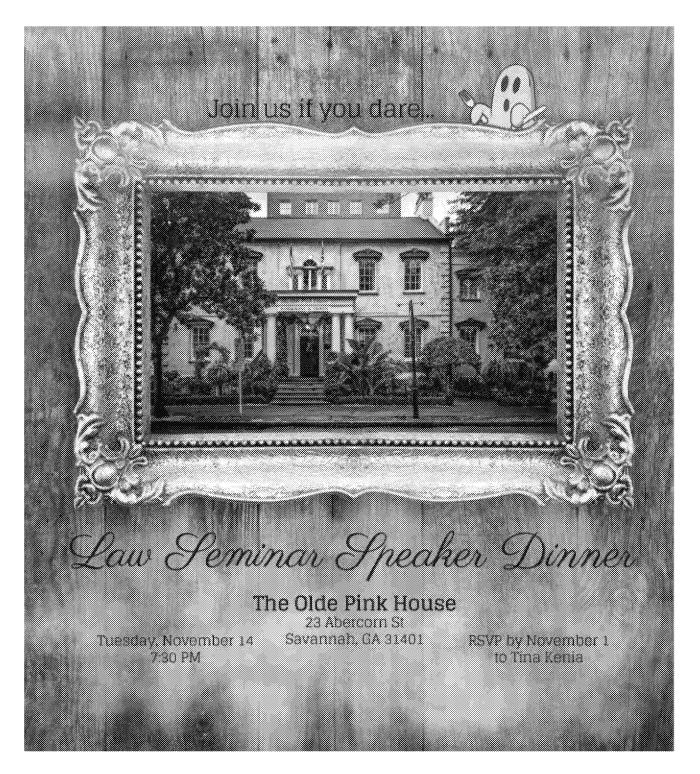

Registration – Meet your colleagues and pick up your name badge beginning on Tuesday at 8:30 am at Registration on the 2nd Floor of the Hyatt Regency Savannah. Don't forget to stop by the registration desk each day to sign-in for your CLE Credit. The <u>National Water Enforcement Workshop</u> will be immediately following the <u>Law Seminar</u>, so if you haven't registered yet, it is not too late to join us for another day!

Safe Travels!

Thank you in advance for attending the 2017 *National Clean Water Law Seminar*! Travel safe, and as always, if we can be of any assistance, please contact us at 202.833.2672 or info@nacwa.org.

See you in Savannah!		

Halloween may be over, but NACWA's Law Seminar Speaker Dinner offers another nearterm opportunity to commune with the spirits (i.e., ghosts and/or libations). The <u>Olde Pink House</u> is considered by unnamed, unreliable, and self-serving sources to be one of the most haunted buildings in Savannah. It is said that the food is so good at the <u>OPH</u> that James Habersham Jr. who built the house in 1771 often makes an appearance at dinner time. See for yourself – join your fellow speakers, NACWA staff and Mr. Habersham for dinner.

Hi Hayley,

I'm copying Jennie Keith on this message as she is the OGC/Ethics person who will most often work with you on invitations.

Ex. 6 - Personal Privacy

Hayley is the Deputy

White House Liaison who has been asked (or volunteered) to assist with the Administrator's invitations because of an unexpected departure on the scheduling team.

I'm delighted by Hayley's message because, as you can see, she has correctly described the Administrator as an *alumnus* (as opposed to *alumni*, which some people might write).

SALLT has invited the Administrator because of his official position in this case, so he can participate if he wishes. And we will even let him eat the breakfast if he wants!

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY WASHINGTON D.C., 20460

GROUND RULES FOR PARTICIPATION IN A POLITICAL EVENT

Your campaign has invited a Presidentially-Appointed and Senate-confirmed appointee of the U.S. Environmental Protection Agency to speak at your political event. The Hatch Act, 5 U.S.C. §§ 7321-7326, sets forth certain restrictions that this employee must follow. She cannot use her official authority to further political activity; cannot solicit, accept or receive political contributions; and cannot solicit or discourage the political participation of anyone who has business pending before the Agency.

We ask that you review our ground rules carefully and ensure that they are followed. Failure to follow these rules may result in withdrawal of any approval to allow our employee to speak at your event.

- You must provide EPA with a copy of the invitation and any other public communications regarding the event before you may distribute them so that our counsel can ensure compliance with federal rules.
- Once EPA agrees to the final version of the invitation or other public communications, you cannot make any subsequent changes to the text or format nor change the title of the electronic files.
- You must provide EPA with a complete description of the event, the proposed venue, any sponsors or affiliated entities, and a summary description of proposed invitees.
- You may not specifically target invitees with interests before the Agency. If EPA agrees
 to provide a speaker, you will provide a list of all invitees to EPA and their contact
 information at least 48 hours in advance of the event.
- When you issue your invitations, you will include this statement as part of the distribution:

PLEASE NOTE: The federal Hatch Act prohibits this speaker from soliciting or discouraging the political participation of any person who has an application for any compensation grant, contract, ruling, license, permit, or certificate pending before US EPA. If you or your company has any business pending before any part of EPA, we ask that you not attend this event.

Any questions regarding these rules should be directed to Justina Fugh, Senior Counsel for Ethics, at fugh.justina@epa.gov or 202 564 1786.

HOW TO REVIEW POLITICAL INVITATIONS IN ACCORDANCE WITH THE HATCH ACT

The Hatch Act, 5 USC §§ 7321-7326, regulates the political activities of federal employees in the Executive Branch of the Federal government. "Political activity" is defined as an activity directed toward the success or failure of a political party, candidate for partisan political office, or partisan political group. Under the Hatch Act, most employees cannot participate in partisan political activity while on government time and in government facilities. However, this rule is different for PAS employees. This guidance will help you to know what the PAS employees can and cannot do.

Who is a PAS employee?

EPA has 14 PAS employees, who are Presidential Appointees confirmed by the Senate. They are the Administrator, the Deputy Administrator, the General Counsel, the Inspector General, the Chief Financial Officer, and the nine Assistant Administrators.

What are all employees prohibited from doing under the Hatch Act? There are several things that no employee, including PASers, should do:

- (1) Don't use your official authority or influence to interfere with or affect an election. Don't use your official title while participating in political activity and don't use your authority to coerce anyone to participate in political activity. Importantly, you can't solicit, accept or receive uncompensated volunteer services from any subordinate for any political purpose;
- (2) Don't fundraise, even in your private capacity. You can't even let your name be used as the host of fundraiser. You can't solicit political contributions in a speech or address at a fundraiser, and you can't let your official title be used in connection with a fundraiser. You also can't solicit, accept or receive volunteer services from an EPA subordinate;
- (3) Don't run for partisan public office (without first talking to your ethics official and telling us where you live. There are a few exceptions for certain localities); and
- (4) Don't solicit or discourage political activity from any person who is doing business with the Agency. This includes any person who has an application for any compensation grant, contract, ruling, license, permit, or certificate pending in your office. It also includes any person who is the subject of an investigation, audit or enforcement action in your office. For PAS employees, this description can include a lot of people!

How are PASers special under the Hatch Act?

Unlike most employees, EPA's fourteen PASers can participate in political activity while on duty, on government premises, in a government vehicle, and while wearing the EPA badge. But only they can do so. The rest of the EPA employees, including Schedule Cs and non-career SESers cannot.

The "Secret Service" exception

In limited cases, the Hatch Act nevertheless allows staff to assist the PAS consistent with their official duty. For example, a security detail may accompany the Administrator, even to a political event, so long as he is providing security and not himself participating in the political activity. Similarly, an administrative assistant may prepare the travel and itinerary associated with a political trip even if the Administrator is engaged in political activity or a mix of official and political activity.

But this exception should not be broadened to include speech writing or any "extra" voluntary service!

What happens if an EPA PAS is invited to a political event?

- 1) The Scheduling Staff for the PAS should **examine the invitation** to determine who issued the invitation to the PAS employee and whether it is indeed for a political event.
 - Clues: is the invitation from a campaign committee to elect someone? Is the event called a "rally" or a "fundraiser" or does it use words like "get out the vote?"
- 2) The Scheduling Staff should send a copy of the invitation to OGC-Ethics for review and confirmation as to whether it is indeed a political event.
- 3) If the event is political, then the Scheduling Staff must do the following:
 - send the requestor the EPA's "ground rules" about political events
 - ask questions about the event:
 - who is the host of the event?
 - are there any co-sponsors?
 - where will the event be held?
 - who are the anticipated invitees to the event?
 - how many people are expected to attend?
 - what is the anticipated role of the EPA PAS at the event?
 - identify a contact person on the Scheduling Staff to work with OGC
 - identify a contact person on the requestor's staff to talk to OGC
 - do not confirm attendance until the event is cleared, in writing (by email), by OGC

NOTE: An employee with Agency-wide responsibility may address a large, diverse group to seek support for a partisan political candidate so long as the group has not been specifically targeted as having matters before the employing office. 5 CFR 734.305.

• An example of a permitted activity: the Administrator may speak on behalf of a partisan candidate at a forum sponsored by the League of Women Voters that is expected to have more than 100 people attend. However, he cannot use his official title and cannot solicit funds for the candidate in his speech. He also should not say that the candidate is endorsed by the US EPA.

- An example of a prohibited activity: the Administrator will not be permitted to speak at an event that is sponsored by an environmental law firm for its clients to be held in the law firm's offices.
- OGC will examine closely where the event is to be held and the sponsors and hosts. Scrutiny will be applied to certain entities, including lobbying organizations, law firms, for-profit and not-for-profit entities that have an environmental focus, and trade associations.
- 4) If the event is cleared, then the Scheduling Staff can confirm attendance, subject to the EPA's ground rules. The Scheduling Staff should now:
 - obtain a list of all of the invitees and send that list to OGC
 - obtain copies of all of the invitations and send to OGC for review of the format
 - talk to the PAS travel coordinator and OGC about payment for any political travel
 - reaffirm to the PAS that s/he cannot accept any volunteer services, including speeches
 - provide the PAS with the EPA's ground rules as part of her/his briefing package

Haley,

This speaking request is fine to accept. The NAHB is a federally registered lobbyist. So, too, is the Associated General Contractors. Even though the request comes from the Colorado Association of Home Builders, it's the former two who are hosting the event. So, no gifts.

You are not interested in the golf outing or evening reception, correct? If so, then I'll need to get more information on that.

Thanks!

Hi Samantha,

Since you're going in your official capacity, we have no ethics objections. Robin already knows that she will need to work with us to get an ethics travel form approved so that EPA can accept the gift of travel. If you decide to accept the invitation to dinner with the board, then Robin will need to add that meal to the ethics travel form. Because you are getting that meal as a gift, you won't be able to claim per diem for that meal as well, so whoever does your travel voucher must remember to back out that meal. (Robin – here's the link to the ethics travel form, which is still in Lotus Notes: http://intranet.epa.gov/ogc/ethics/travel.htm. Let me know if you need help with getting this done).

Hi guys, I am just circling back on this.

Ryan would like me to speak at this event in his place because he's no longer able to – before I fill out the forms, I just wanted to check if there are any ethics issues.

Copying in Robin just so she can help me stay on this so I don't forget. Thank you!

Hi Samantha,

Welcome aboard! We are thrilled you will be joining us at the IEA Energy Conference.

You will find attached a draft conference agenda as well as a speaker data sheet. At your convenience, please complete and return the speaker data sheet. I will be happy to arrange for overnight accommodations as well as any audio visual equipment you request. The association would be pleased to reimburse you for travel and out-of-pocket expenses in connection with your participation.

If your schedule permits, we invite you to dine with the IEA Board of Directors on Thursday, September 28 at 7:15 p.m. at Hyde Park Steakhouse.

Please call or email if you have any questions or need additional information.

We look forward to seeing you in September.

Hi Sydney, I can't find a record of this particular event either, so here's the advice!

There are <u>no ethics concerns</u> with respect to this event. See the following for more complete details.

Best, Jennie for OGC/Ethics

White House Ethics Pledge

The White House Ethics Pledge does not allow political appointees to accept gifts from registered lobbyists. The persons extending the invitation are not registered lobbyists or lobbying organizations, therefore the Ethics Pledge is not implicated.

Acceptance of Free Attendance (including a meal)

Because the official has been invited to speak and present information on behalf of the agency, pursuant to 5 CFR 2635.204(g)(1), acceptance of free attendance and any meals provided **on the day of the event** is not considered a gift. The official's participation in the event is viewed as a customary and necessary part of her performance of the event and does not involve a gift to her or to the agency. While free attendance will cover a meal that is provided to all attendees, it does not cover side events, receptions, and other meals (like a speaker's dinner) **that are not open** to all attendees.

Financial Disclosure Implications

Because this is not a gift, there are no financial disclosure reporting obligations.

Hi Hayley,

I'm not sure about Jennie's schedule over the next couple of days, but I know that I'm out on Monday. So to make sure this urgent request didn't fall through the cracks, I took a look myself. The Federalist Society is a 501(c)(3) organization, so we don't have any ethics issues to raise here. He can speak and, if they offer a meal, then he can eat it too. But if they give him some sort of gift for speaking, then make sure that it goes to Brian Hope for a determination as to whether or not he can keep it.

Subject: 2017 Concordia Annual Summit Speaker Invitation for Scott Pruitt

Scott,

Great seeing you the other day on the plane!

It is my distinct pleasure to extend the attached invitation for you to be a major speaker at the 2017 Concordia Annual Summit, being held on September 18th and 19th in New York City.

As you know, Concordia is a nonprofit, nonpartisan organization that enables public-private partnerships to create a more prosperous and sustainable future. As our signature event, the Annual Summit serves as a global affairs forum promoting cross-sector collaboration on some of the world's most complex and pressing issues. The 2017 Concordia Annual Summit will convene a diversity of opinions to address issues such as national security, democratic governance, economic opportunity, and infrastructure development among many others.

Previous Concordia events have convened over 5,000 participants from across the globe, including current and former heads of state, C-suite executives, and prominent nonprofit leaders. After speaking with Rick, we both discussed that this would be an important opportunity for you to address a very powerful and global community. You could give a major speech or do a one-on-one interview.

Please see the attached speaker information packet and an initial memo on the 2017 Annual Summit outlining sessions in development for additional information.

Please do not hesitate to contact me if you have any questions. We would be honored by your participation and I sincerely hope you will be able to join us in September.

Warm Regards,

Matt

That said, it'll be one of three people: our President, Larry Mone; our Executive VP, Vanessa Mendoza; or our Board Chairman, Paul Singer. We should know by tomorrow, so I can resend this to you with that slot filled in if you like; but I thought you might want to have it asap.

Taisha told me you two connected about the security walk-through for next Tuesday. I'll join you all as well. And Taisha will be sending you an updated RSVP list (if she hasn't already).

Let me know if you need anything else!

Good morning Madeline,

I've attached the form you sent, as well as the original form from the scheduling office (it has similar information, though a little more). I didn't make any changes to that original form, though there are a couple pieces that could be updated (Secretary Zinke, for example, won't be attending but Vincent DeVito will be in his place).

Thank you, and let me know next steps when you have them.

Good morning Madeline,

I thought I would send along our agenda, if that helps sort things out at all. As I mentioned on the phone, the only time slot I really don't have much flexibility on is 9 am, as Vincent DeVito needs to leave shortly after speaking.

If it's convenient for Administrator Pruitt to speak either during the dinner on August 2nd, or during the breakfast or lunch on August 3rd, those are certainly possibilities (neither has a speaker listed as you'll note, which is why I felt it important to bring up). I'm happy to shuffle just about anything around to accommodate, though I do need to get our program printed Monday of next week, so knowing a firm time sooner would be extremely helpful if possible.

If there's anything at all I can do to help accommodate please don't hesitate to ask.

Best,

Brian Fakharzadeh

Christian,

It was nice speaking with you, and I'm thrilled that it looks like Administrator Pruitt will be able to join us.

As I mentioned, the event is at the Park Hyatt Beaver Creek (address below in red), August 2nd and 3rd. I can make accommodations for him to speak either at the opening dinner on the 2nd (which would be approximately at 6:30 or 7:00pm), or a better option would be as the keynote speaker on August 3rd. The timeslots I have open on the 3rd are 10:15, 11:15, 12:30 (during lunch) or 1:30. Honestly, whatever works best with his schedule, we are happy to accommodate.

If this looks like it's going to move forward, please send a headshot and bio so we can include it in our program, as well as his preferred speaking time-slot. Additionally, I need to know if we will need to coordinate with the hotel for any security needs, etc. (we have Senators all the time, but not necessarily appointed officials with this level of visibility, so I'm unsure of protocol).

I look forward to hearing from you, and am hopeful that this will work out. Our thanks and gratitude to Administrator Pruitt (and all of you in his office who have helped with this) for the consideration. Regarding the meeting on Sunday, April 23 at Noon for the walk-thru, we should meet in the lobby. The following individuals will be participating from the hotel:

Taylor Svoboda Meetings and Special Events Manager The Ritz-Carlton Golf Resort, Naples

Matthew Murphy Loss Prevention Supervisor The Ritz-Carlton Golf Resort, Naples

I will be at the meeting as well.

Please let me know if you have any further questions or need anything. Thank you.

The lunch will be in Tiberon #3 and the meeting with the Executive Committee will be in Anhinga. Our office will be available should you need a holding space. It is Sabal Palm. A map of the meeting room space is attached.

A list of NMA's Executive Committee is attached. If you need additional information on the companies, please let me know.

We are confirmed for a walk through on Sunday, April 23 at Noon. I will let you know where we will meet. Best regards,

Good morning to you! I will be there a day before to advance the event with a member of his security team. He will definitely have one, maybe two staff members traveling with him.

He will arrive into Ft. Myers at 12:35PM on Monday so we have him arriving at the hotel at 1:20. Speech at 1:30PM and meeting with Executive Board members at 2:15PM. He will have to depart by 3PM for his 5PM flight back to DC. Unfortunately, I don't think there will be any extra time for additional meetings. I'm so sorry!

Moya – I'm so glad we could get this worked out!

I think that a 1:30 or 1:45 speech then meet with the Executive Committee might be a little better. If he gets in a 12:35 and it is a 30 minute drive, that would put him there just after one and I would want to add a little bit of buffer time in there as well.

On the hotel rooms, I am going to do an email intro for you to our travel coordinator. She will want to be the one to work with you to arrange the accommodations.

Millan,

I thought this was same hard hat request because Justina has pictures in her office of another hard hat with his name on it — and so I thought they were the same question! It turns out they are different requests. I guess hard hats are a thing! No hard hats! The National Mining Association is a federally registered lobbyist and under the lobbyist gift ban, the hard hat is not acceptable. Of course, paying for the hard hat takes it out of the gift rules, so paying for the gift is always an option. Let me know if I can be of further assistance!

Regarding the meeting on Sunday, April 23 at Noon for the walk-thru, we should meet in the lobby. The following individuals will be participating from the hotel:

Taylor Svoboda Meetings and Special Events Manager The Ritz-Carlton Golf Resort, Naples

Matthew Murphy Loss Prevention Supervisor The Ritz-Carlton Golf Resort, Naples

I will be at the meeting as well.

The lunch will be in Tiberon #3 and the meeting with the Executive Committee will be in Anhinga. Our office will be available should you need a holding space. It is Sabal Palm. A map of the meeting room space is attached.

A list of NMA's Executive Committee is attached. If you need additional information on the companies, please let me know.

We are confirmed for a walk through on Sunday, April 23 at Noon. I will let you know where we will meet.

I think that a 1:30 or 1:45 speech then meet with the Executive Committee might be a little better. If he gets in a 12:35 and it is a 30 minute drive, that would put him there just after one and I would want to add a little bit of buffer time in there as well.

Justina, note that the form you approved didn't include the dollar amount for lodging (\$600) so it would be good to add it if possible.

Many thanks...

Dear Ms. Gonzalez,

My name is Justina Fugh, and I am the Senior Counsel for Ethics at the United States Environmental Protection Agency (EPA). I understand that E. Scott Pruitt recently attended a RAGA event in his personal capacity. To remind, that event was held on February 26, 2017 at the Park Hyatt in Washington, DC. Federal law prohibits EPA from using federally appropriated dollars in connection with any political activity, so I am writing to inform you that your organization will have to reimburse EPA for Mr. Pruitt's local travel costs. I can calculate the amount that your organization owes EPA, but can you please provide me with the name and address of the person who should receive that bill?

Thanks very much in advance for your assistance.

Sincerely yours, Justina Fugh

Good morning Ralf -- unsure yet on the 17th but should hopefully have answer for you by the end of the week.

Yes, a call would be great. With it being Easter recess, we are traveling next week with the Administrator so could we maybe look at the 25th or 26th?

Thanks so much, Millan

We're very excited to be able to welcome Admin. Pruitt back to the Institute for a June 21st luncheon event. Just to double-check, he'd be unavailable to also address our board on the 17th of May, correct?

I've Cc'd our events director, Taisha Camacho, who will begin working on securing a venue. I think it would be a good idea to perhaps get on a short call in the next week or two with her, our comms director, and the relevant members of your team to discuss some logistical matters. Let us know if/when you might be available to do that.

Looking forward to working with you again!

Ralf,

Thank you so much for following up. He definitely wants to participate here. If lunch on June 21st is still available then that will work for us!

I apologize that it took us this long to get you an answer.

Hi Millan,

Hope you had a great weekend. I just wanted to follow up to see if your team has had a chance to think about possible dates yet. As you can imagine, our program calendar is pretty robust, so we try to be as strategic as possible in calendaring our smaller events around appearances by high-level speakers such as Admin. Pruitt. That said, if you can give us an idea of what week(s) Admin. Pruitt might prefer (even if not an exact date yet)—or if he's leaning toward speaking at our private board meeting next month in lieu of a public event—that information would be helpful to our event staff in their planning of the broader program calendar.

Best,

-Ralf

Ralf,

Yes, everything was perfect with the request form. The Administrator very much wants to participate here so we are just working on determining the best date.

Dean - it is a pleasure to meet you via email. This sounds like a wonderful opportunity. It is very kind of you all to want to include him! Would you be willing to share what questions you would have of him for this video, who all will be seeing it, and when you would like to do the filming?

Thank you very much, Millan

Hi Millan!

Just thought I'd check in to make sure everything was okay with the request form I submitted last week. As always, feel free to let me know if you need anything further on my part.

I also wanted to introduce my colleague Dean Ball (Cc'd), who is putting together a short 40^{th} Anniversary video to be shown at our annual Hamilton Awards Dinner (to which the Administrator has also been invited). The video would feature interviews with several of our country's most prominent political and intellectual figures discussing their thoughts on MI's past, present, and future; and we'd be honored to include Administrator Pruitt. It would only require about 30 minutes of his time, and we would be more than happy to send someone down to his office to film. If that's something you guys are open to, please feel free to coordinate with Dean.

I look forward to hearing back from you soon.

Kind regards,

Good afternoon, Michelle!

My name is Ralf Mangual, and I manage legal policy projects here at the Manhattan Institute. I just got off the phone with Millan Hupp who kindly returned my call in regards to an invite our President would like to extend to Administrator Pruitt. She asked me to send an e-copy of the letter (see attached) your way. We're thinking late May but are very flexible in terms of timing.

Please don't hesitate to reach out to me at any time if you have any questions or need more information. Thanks in advance for your time,

and I hope we'll have the pleasure of hosting Administrator Pruitt again soon.

Hope you are doing well! Michelle forwarded on to me your request to meet with Administrator Pruitt on March 29th during your Congressional Action Tour. It is actually looking like we might be traveling on the 29th, leaving the afternoon of the 28th. Is there any possibility of you being able to meet on the morning of the 28th? Additionally, would you mind completing the attached meeting request form? Due to the large amount of scheduling requests coming in we are trying to streamline efforts a little bit. I am really hoping this meeting works out, we would love to see our Farm Bureau Friends!!

Subject: Earth Day Texas - Scott Pruitt [WARNING: SPF validation failed]

Michelle,

I spoke with Sydney today and she requested I send you some information on Earth Day Texas.

I am copying RJ as we have been in contact by text.

We look forward to hosting Scott next month. We know it would be a positive experience for him and the EPA.

Trammell Crow (founder and my friend and business colleague of 30+ years) took over Earth Day Dallas six years ago. Trammell decided that the environment was an issue he wanted to put his time treasure and talent behind. He has taken it from twenty cardboard tables that had a few non-profits, Sierra Club etc, a back masseuse and crystal sellers to a serious free market business exposition and conference on the environment. It is now called Earth Day Texas, but we are talking the "Earth" out of our name next year and going to EARTHx.

We live by two mottos:

- Conservation has no party
- Let green drive black to the bottomline (smart green will do this over time)

Last year we had 130,000 visitors over our three day exhibition, almost 900 exhibitors and several hundred speakers. Six thousand came out on our B to B day on Friday.

We take over the entire Texas State Fair for the event. Attached to this email is a brief sizzle real that gives some perspective on its size,

and yes, EVERYthing is bigger in Texas.

We are free market driven and work overtime to be a neutral public square for all ideas worth discussing. This year the Mitchell Foundation is working with us to put on a day and a half conference on shale production.

Because of this the Sierra Club is boycotting us. We think natural gas is vital to our national security and industry.

Last year Avi Garbow (then chief counsel for the EPA) came and spoke. I put him up against an author I like Ron Bailey who wrote, *The End of Doom*.

Avi squirmed when he had to admit that a fossil fuel was in fact the #1 component of COP 21 plans for the united States.

Our exhibition runs for three days and our event for five. Friday is our Business day and we have many activities

My number one goal is that he could keynote a lunch at our legal Symposium. We will have 300 attorneys here for an all day program with many in house chief counsels as well. (attached) This lunch is on Friday the 21st.

I would like to have him speak on co-operative federalism under the new administration. He could touch on states rights, rule of law, due process or WHATEVER he wanted.

In the afternoon I would like to get him in front of various business leaders in a forum, possibly moderated by our friend Ken Starr or someone acceptable to Scott. And then host a private reception for him.

He could speak at a banquet on Friday night with many business leaders attending as well, depending on his schedule and availability. We are flexible.

We also plan on hosting several Lt. Governors and possible governors and ALEC is coming and bringing many state legislators. I would anticipate ten congressmen will attend. I also noticed this in the paper recently:

http://www.bizjournals.com/dallas/news/2017/03/03/dfw-airport-wins-epa-climate-leadership-award.html?ana=e_me_set1&s=scroll&ed=2017-03-03&u=%2FHfG8GZuqSk46mjF%2Fx9lCA00f4bd4d&t=1489091033&j=77541591

Possibly Scott would want to give the award in person to an exec from DFW. All details can be worked out. We need to know Scott's availability and time schedule. He can stay at the Anatole at the Reagan suite Thursday or Friday nights if needs to stay overnight. It was built by the Crows for the 84 convention. I was on that planning committee.

We also could possibly host a breakfast at Crow Holding on Saturday. I understand he has been to Old Parkland in a previous trip.

Please call me to discuss. Trammell sends his best wishes as well.

Faith> BF

I made up slogans for all departments after the Trump victory. For the EPA I wrote:

The environment as desired.

With enforcement as required;

Nothing less- Nothing more!

Subject: Rivers of Recovery Fish Fry, October 3rd (Comped Invitation Attached)

Friends

Please see attached an invitation to Rivers of Recovery's Annual Rooftop Fish Fry and BBQ. The event will take place between 6:30 and 8:30pm on Tuesday, October 3rd at the Observatory at America's Square (300 New Jersey Avenue NW.)

The event:

WILL:

Have great food, celebrity bartenders (Beltway celebrities anyway), live music by Sheen Righter as well as opportunities to interact with a number of the American heroes who participate in RoR's incredible program. (Note, this is also one of the only DC events all year that friends/significant others etc... who are not in the political/policy field actually have fun attending so please feel free to bring them along) AND a large and diverse cross-section of Members and Senators in attendance.

WILL NOT

Have long winded speeches (or any speeches for that matter other than brief intros), assigned seating, political rhetoric or an abundance of 'small talk circles' focused on health care and/or comprehensive tax reform.

Hill Staffers/Administration officials etc..

- This is a widely attended gathering.
- As a member of the RoR Board, I'm told it is allowable for me to send you this invitation directly. Should you or your ethics official prefer you receive the invitation from an RoR employee/email address, please let Katie (cc'd) know.

Finally, please note when RSVP'ing that you are a guest of NRR/Mitch and that you received a comped invitation. That said, RoR

would obviously welcome additional sponsorships/contributions (Just in case you work for a big trade association or other well-heeled entity with some extra \$ available for a great cause.)
Hope to see you all there!!

Subject: RE: Needing Feedback ASAP

Hi there,

There are <u>no ethics concerns</u> with respect to this event. It may be important to know that the organization extending the offer is a lobbying organization. The White House Ethics Pledge prohibits acceptance of gifts from lobbyists, but as there is no gift offered, the Ethics Pledge is not implicated. This information is provided solely for your consideration. See the following for more complete details.

Best, Jennie for OGC/Ethics

White House Ethics Pledge

The White House Ethics Pledge does not allow political appointees to accept gifts from registered lobbyists. The persons extending the invitation <u>are</u> registered lobbyists or lobbying organizations, therefore if the official speaks, he must be careful about the organization offering him a tangible gift to take home with him.

Acceptance of Free Attendance (including meals)

Because the official has been invited to speak and present information on behalf of the agency, pursuant to 5 CFR 2635.204(g)(1), acceptance of free attendance and any meals provided **on the day of the event** is not considered a gift. The official's participation in the event is viewed as a customary and necessary part of his performance of the event and does not involve a gift to him or to the agency. While free attendance will cover a meal that is provided to all attendees, it does not cover side events, receptions, and other meals (like a speaker's dinner) that are not open to all attendees.

Financial Disclosure Implications

Because this is not a gift, there are no financial disclosure reporting obligations.

Event Request Form for Administrator E. Scott Pruitt

U.S. Environmental Protection Agency

To request the Administrator to attend and/or speak at your event, please complete and submit the following form.

Group: American Iron and Steel Institute and the Steel Manufacturers Association

Name of Event: AISI 2017 General Meeting and SMA 2017 Annual Meeting

Date of Event: Tuesday, May 23

Type of Event (banquet, lecture, panel discussion, etc.): Conference Speech with Q&A

Role of the Administrator: Featured Speaker

Approximate time will the Administrator's Remarks Begin (example 9:00 am): 2:45 pm

Please note: We could move the time later in the afternoon to 3:30 pm, for example, if that time is better for the Administrator.

Expected length of the Administrator's remarks: 20 minutes plus Q&A

Will there be Q&A? If so, for how long and who from? Ex: press, attendees: Yes; 15-20 minutes

Event begins (example 9:00 am): 2:30 pm Opening of Conference and Introduction of the Administrator; 2:45 pm Speech begins

Event ends (example 9:00 am): 3:30 pm

Event address (please include room name or number if applicable): The Four Seasons Hotel Room for Speech: Corcoran Ballroom 2800 Pennsylvania Ave., NW Washington, DC 202-342-0444 Will there be a hold room for the Administrator? (please include room name and/or number):

Yes, we will have a hold room. We will need to get the name of the room to your office.

Please list the name and title of the individual who will introduce the Administrator:

Mario Longhi, incoming 2017 Chairman, American Iron and Steel Institute and President and CEO of United States Steel Corporation OR Thomas J. Gibson, President and CEO, American Iron and Steel Institute OR Philip Bell, President and CEO, Steel Manufacturers Association

Approximate size of the audience. Please also include a brief description of the makeup of the audience (attorneys, business owners, veterans, students etc.): We anticipate 150+ attendees including chief executive and senior leadership from top steel producers in North America and their government relations staff and mid-to-senior level executives from supplier companies to the steel industry. The two organizations, American Iron and Steel Institute and the Steel Manufacturers Association represent the more than 80 percent of the steel capacity in North America.

Please indicate your request for the topic of the Administrator's remarks, if applicable: Our members share your view that protection of the environment is a core value, and that it can be achieved in a more efficient manner that allows the U.S. economy to grow and the steel industry to remain competitive. Our members are among the most efficient steelmakers in the world, with the domestic steel industry reducing its energy intensity by 32 percent since 1990 and reducing its greenhouse gas (GHG) emissions by 37 percent over the same period. We have carefully sought to reduce our environmental footprint even while producing the advanced and highly recyclable steel that our economy needs. However, the simultaneous development and implementation of multiple new environmental regulatory programs at the federal and state levels have created competitive disadvantages for the industry, endangered manufacturing jobs and added significant costs to operations while providing only marginal environmental benefits.

We would greatly appreciate the opportunity to hear of your plans for improving the regulatory and permitting process at the US EPA.

Please list any special guests, elected officials, or other dignitaries who are invited or are expected to attend: We will be holding a Congressional Breakfast on May 24th and anticipate participation by a dozen or more Steel Caucus members at the event. We have also invited Senators Sherrod Brown and Rob Portman to speak at dinner on May 22.

Please list any other speakers at this event: The Hon. Wilbur Ross (invited), U.S. Secretary of Commerce

Is this event open to the media?: No

Please list a point of contact for the day of the event, including a cell phone number and e-mail address for the contact:

Liz Vago. Sr. Director, Membership & Administration, American Iron and Steel Institute Cell. Ex. 6 - Personal Privacy Email: evago@steel.org

If applicable, please list the name(s) and contact information of the person(s) who will greet the Administrator upon arrival, including a cell phone number and e-mail address for each contact:

Kevin Dempsey, <u>Senior Vice President</u>, Public Policy & General Counsel, American Iron and Steel Institute; (Ex. 6 - Personal Privacy (cell phone); <u>kdempsey@steel.org</u> (email)

Paul Balserak, Vice President, Environment, American Iron and Steel Institute; [Ex. 6 - Personal Privacy (cell phone); phalserak@steel.org (email).

Please list any special information or directions, such as ongoing construction, specific points of entry, or parking instructions, about the event or location:

Please list below any other relevant information such as agendas, background information or other relevant information about the event. (*Information may also be attached and submitted with this form.*)

Please include a contact number for the event location: 202-342-0444

Please indicate whether this event is held weekly, monthly or annually: Annually

Please indicate the attire for this event (business, formal, casual, etc.): Business

Please list any agencies, businesses, schools or universities, or other organizations that may be sponsoring or co-sponsoring this event:

Please provide the security contact if contracted or head of security for event location:

Hi Samantha,

Oh, gosh, did you ask me earlier and I forgot to get back to you? If so, I am so sorry! The answer is yes, you may speak at this event in your official capacity. Two things to note, though:

- 1) <!--[if!supportLists]--><!--[endif]-->The event will be held in Baltimore's inner harbor, which is not more than 50 miles away (it's only 41 miles away). Therefore, you will not be in travel status, so EPA will likely have to pay for your local travel expenses. You and EPA won't be able to accept any travel expenses from the ABA because it will exceed \$20 (beyond the individual limit for gifts from outside sources) and it does not involve travel status.
- 2) <!--[if !supportLists]--><!--[endif]-->The ABA will ask you to sign a speaker's release form. Do not sign their standard release. Instead, you need to use the form for government speakers. See attached (I just spoke last week at an ABA meeting in Los Angeles).

Dear Ms. Dravis,

Just wanted to circle back on this. Although the conference is still a long ways away, I'm getting pressured to finalize the list of panelists. Do you know whether you will be able

to participate? Roger Martella highly recommended you, and I'm hoping it will work with your schedule. Look forward to hearing from you.

Many thanks, Kyle

Baltimore

Thank you for the quick reply! Yes, below is the full description of the panel. Also, it looks as if Georgetown Professor Lisa Heinzerling (bio here) will be our moderator, and we have asked Maryland AG Frosh to present the States' perspective, Troy Eid (bio here) for the tribal perspective, and are hoping you can present the federal perspective. Thanks, Kyle

Who's In Charge? The Evolving Role of Tribal, State, and Local Governments in Environmental, Energy, and Resources Regulation and Enforcement.

During the previous administration, the federal government played an expanding and active role in regulation and enforcement of environmental, energy, and resources issues. The new federal administration, on the other hand, has taken a number of measures to reduce the federal role in these areas. As the federal government takes a step back, some tribal, state, and local governments are acting to fill the void in regulation and enforcement. But can they do so? What are the constitutional or other legal and practical barriers to tribal, state, and local regulation and enforcement? This panel will provide attorneys with an overview of the historical division of authority among federal, tribal, state, and local governments, the role lawyers play in challenges to relevant authority, and an analysis of current trends to reallocate that authority.

Subject: Invitation to Speak at ABA Environmental Section Fall Conference in Baltimore

Ms. Dravis,

I'm on the planning committee for the ABA Environmental Section's 25th Annual Fall Conference. The Conference is in Baltimore this year, from October 18-21. I believe it's

the largest environmental law conference in the country (usually 400-500 attendees). I'm putting together speakers for a panel on the afternoon of October 20 on "Who's In Charge?" under the new Administration. I'm hoping that you would be interested in speaking on this topic.

Will you please let me know at your earliest convenience?

Thank you, Kyle

Hi Alex,

GOOD FOR YOU! Yes, this is a gift given to you because of your official position (and from a prohibited source) so you need OGC to approve the travel for you. That way, we will accept the travel expenses on behalf of the government. You have to contact EZ Tech to get an updated Lotus Notes ID and password so that you can access the Ethics Travel Database (see also http://intranet.epa.gov/ogc/ethics/travel.htm). You need to fill out the form and then get your own Deputy Ethics Official (I'm guessing that's Betsy Shaw) to approve electronically. Then your form will be routed to us in OGC/Ethics. We must approve in advance of the trip, and you are never ever permitted to accept \$ (in cash or in a check) made out to you personally. I expect that someone in the OAR front office support team can help you or you can contact us in OGC/Ethics.

Morning Justina,

I apologize for just reaching out to you on this but I remembered my training and thought I should probably check with you first! Sarah Greenwalt, who would be attending, just got back from the G7 so I have not discussed with her yet. Specifically in the last paragraph where it says:

"The ND Grain Growers Association has offered to pay for your trip (flights, meals, hotel, and transportation in ND)"

Is this acceptable or would EPA need to pay?

Just trying to figure out the details for her. Any other questions let me know and also my direct is 202-564-3164.

Best, Alex

Subject: Invite to R8 Ag Tour

Hi Sarah,

The North Dakota Grain Growers Association (NDGGA) is hosting EPA at an annual Environmental Tour June 26-30, 2017 in Fargo, ND. The tour is an opportunity for EPA to better understand the challenges agriculture faces as well as possible opportunities where we can partner with agriculture to address environmental issues.

The NDGGA has organized this tour since the 1970s for EPA staff to visit, learn and engage with family farms and agricultural businesses. This year, attendees will not only tour farms, grain handling, sugar beet facilities and a Bayer research center but will meet with equipment dealers, beekeepers, fertilizer and pesticide dealers, and aerial pesticide applicators. There will be opportunities to ask questions and discuss challenges that farmers and assorted agribusinesses experience, as well as, learn what they are doing to be protective of the environment. In addition to the incredible learning experiences, this tour has historically generated good press for EPA.

Since you are involved with water quality, this would be a great opportunity for you to engage directly with various parts of the agricultural community about EPA's water regulations. I would like to highlight a few of the activities on this tour (see attached agenda) that may be of interest on the first 2 days of this tour:

(1) Meet with Commissioner Goehring, ND Department of Agriculture and state agricultural association leaders on June 26.

- (2) Multiple opportunities to learn about large scale family farm agriculture and interact directly with agricultural producers.
- (3) Learn about the newest pesticide application technology to reduce pesticide drift, which would be useful given the NPDES Pesticides General Permit managed by OW.
- (4) In addition there will be an opportunity to get an aerial view of the prairie potholes which were of particular concern during the Waters of the US rulemaking.

I will be sending our Agriculture Advisor, Rebecca Perrin, and I understand the HQ Office of Pesticides Program will be sending several representatives. I have also extended invites to Ken Wagner and Nancy Beck. The ND Grain Growers Association has offered to pay for your trip (flights, meals, hotel, and transportation in ND). If you are interested in attending please have your staff coordinate with Rebecca Perrin, our Regional Ag Advisor, by June 12. She can be reached at 303-312-6311 or perrin.rebecca@epa.gov.

Event sponsor is not a federally registered lobbyist so I don't have any Trump ethics pledge issues. And since he's speaking during lunch, he can eat the meal if he wants. The other question I have is whether anyone running for public office will be present. Can you confirm for me whether Senator Flake has been invited or not?

Even though you're AD, I checked, and the American Enterprise Institute is not a federally registered lobbyist. There's no nicer way to put this, so I'll just say that it's not about you (!). The invitation was not extended to you because of your EPA position, so you can absolutely go and be a good date. The actual regulatory citation is 5 CFR 2635.204(b).

But are you sure the event is tonight and you have the correct name of the sponsor? I tried to find the ticket price, but their website does not include this event. Can you double check?

Subject: trip to Louisiana in Oct 2017?

Attachments: RE_ Hi Justina,.pdf

Hi Gail,

Recently, we saw a story in the news (see below) about the Administrator going to Louisiana to speak at the Louisiana Chemical Association in October 2017. According to the article, "Pruitt ... flew on a first-class flight for \$2,265 to the conference, The Washington Post has reported. It has not been previously reported that Landry issued the invitation to the conference for Pruitt. In the emails, a Pruitt aide noted that the chemical association secured Pruitt a room." My recollection, though, is that this trip was cancelled, so we did not move forward on an ethics travel form (see email messages, attached). Can you remember what happened with this trip? Did he go? Did EPA pay for the flight and lodging?

La. attorney general urged Pruitt to speak at industry event

By Scott Waldman, 6/19/20

Louisiana Attorney General Jeff Landry (R) appealed to EPA Administrator Scott Pruitt to speak at an industry gathering last fall.

Landry reached out in September to Pruitt's then-policy aide Samantha Dravis, hoping to prod the EPA boss to speak at a chemical group's annual meeting in New Orleans.

"Just following up on a conversation we had a month or so ago," he wrote. The "Louisiana Chemical Association is having their annual meeting Oct 26&27 in NOLA at the Loew's hotel. This is a meeting of the Managers that are responsible for operation [of] the chemical facilities in Louisiana. They would like Scott to address the group either day. Can you let me know if he is still available?"

The email was signed, "Jeff Landry Attorney General."

The two Republican politicians have known each other for years and even joined forces in some lawsuits against the Obama EPA. But it's not clear why the state attorney general would offer an invitation for a private industry event.

Asked to comment about the meeting invitation, Landry lauded Pruitt's efforts to roll back rules.

"Over 52% of the refining capacity in the United States is located on the Gulf Coast. The downstream energy sector is one of the largest middle class job building industries in the country," Landry said in a statement. "This sector has been tormented by useless job killing regulations. That is until President Trump came along and appointed people like Administrator Pruitt who work to scale back regulations contributing to historic economic growth."

Pruitt and Landry have a history of advocating on behalf of the chemical industry and fighting against regulations opposed by that sector. When they were at the Republican Attorneys General Association, they jointly opposed chemical industry regulations. One of Pruitt's first actions in office was to delay stronger safety rules on chemical plants and oil refineries. Landry was one of 11 attorneys general who requested the delay from EPA.

His September request was quickly met with approval from Pruitt's top aides, who wrote that they would try to get it on his schedule, according to emails obtained by the Sierra Club under a Freedom of Information Act request.

"I believe it would be a great opportunity," Landry wrote.

Within days, Hayley Ford, EPA's deputy White House liaison, confirmed the visit.

"I'm happy to let you know that the Administrator will be available to address this group," she wrote. "He appreciates the invitation and opportunity. Who should [we] communicate with regarding details and logistics? Specifically, exact timing and agenda for the event so we can build into his schedule? Thank you and we look forward to it!"

Pruitt later flew on a first-class flight for \$2,265 to the conference, The Washington Post has reported. It has not been previously reported that Landry issued the invitation to the conference for Pruitt. In the emails, a Pruitt aide noted that the chemical association secured Pruitt a room.

Critics have accused both Pruitt and Landry of being too cozy with chemical companies. Some of Pruitt's political appointees at EPA have come directly from the American Chemistry Council, and Landry was endorsed in his attorney general bid by the Louisiana Chemical Association.

In the days before the conference, a representative for Landry invited Pruitt to have dinner with the attorney general while he was in New Orleans. Pruitt's aides declined that dinner but invited Landry to a breakfast with chemical industry representatives that EPA was organizing the next morning.

"We are organizing breakfast the morning of <u>Fri, Oct 27</u> before the speaking engagement and we would be happy to have AG Landry attend if he would like," Ford wrote to one of Landry's aides. "It is more of an event, with several area CEOs and industry representatives. We don't yet have a firm location, but can share details with you as they develop this week."

I need reassurance, my dear, that the Administrator did NOT accept

Allison,

You have not been designated as an ethics official, so therefore are not authorized to make a determination as to whether a reception qualifies as widely attended or not. It's inappropriate for you to write that you "determined that the reception meets the WAG criteria." You are not authorized to do so. I can only hope that you were being overly casual in your writing.

I will see Mike Shapiro tomorrow morning so I will walk him through the necessary determination, which must be in writing. I do NOT advise that he make any determination without me as Lee is subject to the Trump Ethics Pledge.

Thank you Louise and Justina for your helpful counsel.

After checking on a few things I've determined that the reception meets the WAG criteria so I believe Lee is fine to attend as long as Mike Shapiro approves. I'll secure that approval now.

For the speaker dinner, NACWA, the host, hasn't advertised his presence at the event at all nor is charging any of the invitees (NACWA event speakers) to attend. You can read more about the speaker dinner at the bottom of this email chain to see how it's being promoted. Lastly, "the guest of honor" term actually doesn't have any significance. He was invited to attend the dinner just like the rest of the event speakers. I think the event organizer just said that to Lee and us to be nice. He will have to pay for his dinner.

We will also inform him of his duty to pay for a one-day conference registration if he chooses to listen to a session this afternoon (his keynote is taking place tomorrow morning.)

I think this covers it. If you have any concerns or questions, please let me know. Thanks!

I'm so glad you asked the question. I wanted to be 100% sure, because Lee will not be able to attend these events, free-of charge. I think it would be helpful to confirm the following:

Roaring 20s. We would need to confirm that it meets the parameters of a Widely Attended Gathering. See paragraph (g) in the following link: https://www.law.cornell.edu/cfr/text/5/2635.204 . If it passes the test, we'll need approval from Mike Shapiro for Lee to attend.

Yes, of course there are ethics issues associated with these events. He is being offered gifts of free food because of his official position and from prohibited sources. Obviously, you all –including Allison – will benefit from taking this year's annual ethics training that focuses on gifts and travel. There are three different events to consider, and they all raise concerns.

If not possible, then we have to ascertain the cost per person from the donor and he pays out of his own pocket. It won't be good enough for him to say he will pay for his drinks like at a cash bar.
He is also planning to attend the speaker dinner the night before which is by invite only. He is the guest of honor at that event. We're checking to see if the other attendees have to pay to attend the event or not.	NO. He needs ethics clearance to attend the speakers' dinner, and I don't see how he can be the "guest of honor." What does that mean? I need to see how they are promoting this event. He can't be honored with reference to his EPA position and title, and if the donor is a federally registered lobbyist, then there are Trump pledge issues here, too. - My cell phone number is Ex. 6 Personal Privacy should Lee need to reach me in Savannah.
- We have this short bio for Lee. Please review and send me any revisions as soon as possible.

Dennis Lee Forgren, Jr.

Deputy Assistant Administrator, Office of Water US Environmental Protection Agency Washington, DC

Dennis "Lee" Forsgren joined the Environmental Protection Agency on June 19th, 2017 as the Deputy Assistant Administrator for the Office of Water. His background includes legal and policy guidance in areas such as energy, water resources, and natural resource management, along with work on Capitol Hill. In addition, he worked as the Assistant Administrator for Legislative Affairs at NASA between 2003 and 2005.

Thanks so much.

Join us for the <u>National Clean Water Law Seminar</u>, November 14-16, and <u>National Water Enforcement Workshop</u>, November 16-17, in Savannah, GA!

The information contained in this message is confidential and may be legally privileged. If you have received it in error, please notify us immediately and delete this message. Thank you for your cooperation.

We look forward to seeing you next week for NACWA's 2017 National Clean Water Law Seminar. Please refer to this e-mail as you plan your stay!

Before Leaving Home

What to Pack - Business casual attire should serve you well – check <u>here</u> to see what weather will be waiting for you in Savannah, GA!

Plan Your Stay in Savannah – Be sure to check out the <u>Participant List</u>, <u>Agenda</u>, <u>Speaker Handouts</u> and a list of <u>things to do in Savannah</u>. On Tuesday night, enter the prohibition era and enjoy the <u>Roaring 20s Reception</u>. Feel free to come in costume, or we will help you

dress the part! The next morning, drag yourself out of bed and join the early risers at 6:30 am in the lobby for a scenic Savannah sunrise run.

Download the NACWA Events App – NACWA strives to be as environmentally-friendly as possible, so we encourage you to bring your tablet or laptop and download the <u>NACWA</u> <u>Events App</u>. The App, available for <u>Apple</u> and <u>Android</u> mobile devices, includes the agenda, speaker presentations and biographies, a participants list and more. Internet access will be available throughout the meeting rooms during the *Seminar*.

Upon Arrival

Ground Transportation – The Hyatt Regency Savannah is approximately 8 miles from the Savannah Hilton Head International Airport (SAV). The Hotel does not offer a complimentary shuttle; however, there are several transportation alternatives including: taxi (to the Hotel is approximately \$28 and will take 20 minutes); K Shuttle (\$20 one-way or \$30 roundtrip); or rental car (valet and self-parking are available at the Hotel).

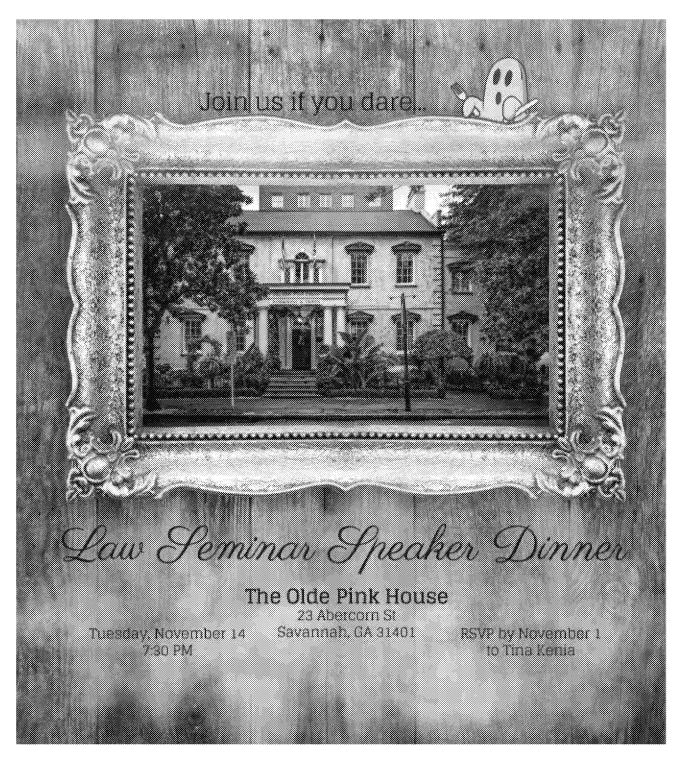

Registration – Meet your colleagues and pick up your name badge beginning on Tuesday at 8:30 am at Registration on the 2nd Floor of the Hyatt Regency Savannah. Don't forget to stop by the registration desk each day to sign-in for your CLE Credit. The <u>National Water Enforcement Workshop</u> will be immediately following the <u>Law Seminar</u>, so if you haven't registered yet, it is not too late to join us for another day!

Safe Travels!

Thank you in advance for attending the 2017 *National Clean Water Law Seminar*! Travel safe, and as always, if we can be of any assistance, please contact us at 202.833.2672 or info@nacwa.org.

ee you in Savannah!	

Halloween may be over, but NACWA's Law Seminar Speaker Dinner offers another near-term opportunity to commune with the spirits (i.e., ghosts and/or libations). The <u>Olde Pink House</u> is considered by unnamed, unreliable, and self-serving sources to be one of the most haunted buildings in Savannah. It is said that the food is so good at the <u>OPH</u> that James Habersham Jr. who built the house in 1771 often makes an appearance at dinner time. See for yourself – join your fellow speakers, NACWA staff and Mr. Habersham for dinner.

Dennis Lee Forgren, Jr.

Deputy Assistant Administrator, Office of Water

US Environmental Protection Agency Washington, DC

Dennis "Lee" Forsgren joined the Environmental Protection Agency on June 19th, 2017 as the Deputy Assistant Administrator for the Office of Water. His background includes legal and policy guidance in areas such as energy, water resources, and natural resource management, along with work on Capitol Hill. In addition, he worked as the Assistant Administrator for Legislative Affairs at NASA between 2003 and 2005.

Thanks so much.

Warm regards,

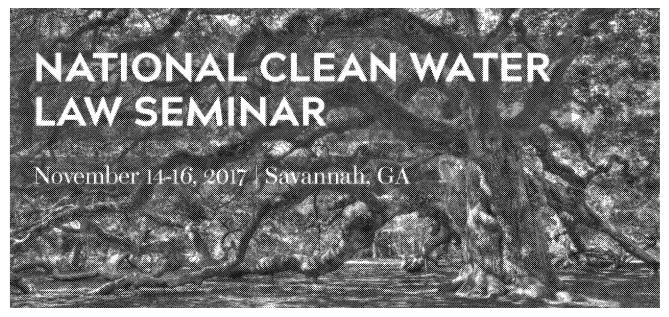

Join us for the <u>National Clean Water Law Seminar</u>, November 14-16, and <u>National Water Enforcement Workshop</u>, November 16-17, in Savannah, GA!

We look forward to seeing you next week for NACWA's 2017 <u>National Clean Water Law Seminar</u>. Please refer to this e-mail as you plan your stay!

Before Leaving Home

What to Pack - Business casual attire should serve you well – check <u>here</u> to see what weather will be waiting for you in Savannah, GA!

Plan Your Stay in Savannah – Be sure to check out the <u>Participant List</u>, <u>Agenda</u>, <u>Speaker Handouts</u> and a list of <u>things to do in Savannah</u>. On Tuesday night, enter the prohibition era

and enjoy the <u>Roaring 20s Reception</u>. Feel free to come in costume, or we will help you dress the part! The next morning, drag yourself out of bed and join the early risers at 6:30 am in the lobby for a scenic Savannah sunrise run.

Download the NACWA Events App – NACWA strives to be as environmentally-friendly as possible, so we encourage you to bring your tablet or laptop and download the <u>NACWA</u> Events App. The App, available for <u>Apple</u> and <u>Android</u> mobile devices, includes the agenda, speaker presentations and biographies, a participants list and more. Internet access will be available throughout the meeting rooms during the *Seminar*.

Upon Arrival

Ground Transportation – The Hyatt Regency Savannah is approximately 8 miles from the Savannah Hilton Head International Airport (SAV). The Hotel does not offer a complimentary shuttle; however, there are several transportation alternatives including: taxi (to the Hotel is approximately \$28 and will take 20 minutes); K Shuttle (\$20 one-way or \$30 roundtrip); or rental car (valet and self-parking are available at the Hotel).

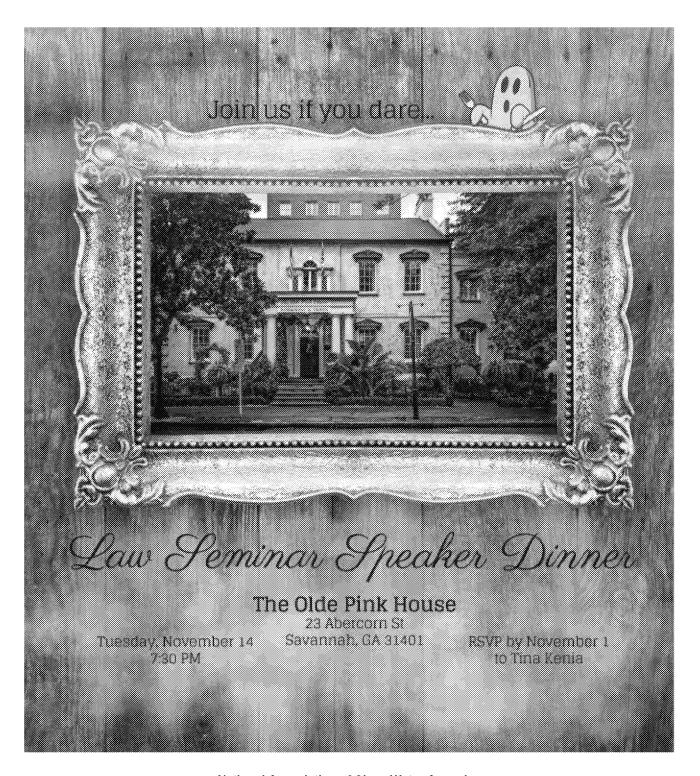

Registration – Meet your colleagues and pick up your name badge beginning on Tuesday at 8:30 am at Registration on the 2nd Floor of the Hyatt Regency Savannah. Don't forget to stop by the registration desk each day to sign-in for your CLE Credit. The <u>National Water Enforcement Workshop</u> will be immediately following the <u>Law Seminar</u>, so if you haven't registered yet, it is not too late to join us for another day!

Safe Travels!

Thank you in advance for attending the 2017 *National Clean Water Law Seminar*! Travel safe, and as always, if we can be of any assistance, please contact us at 202.833.2672 or info@nacwa.org.

See you in Savannah!		

Halloween may be over, but NACWA's Law Seminar Speaker Dinner offers another near-term opportunity to commune with the spirits (i.e., ghosts and/or libations). The <u>Olde Pink House</u> is considered by unnamed, unreliable, and self-serving sources to be one of the most haunted buildings in Savannah. It is said that the food is so good at the <u>OPH</u> that James Habersham Jr. who built the house in 1771 often makes an appearance at dinner time. See for yourself – join your fellow speakers, NACWA staff and Mr. Habersham for dinner.

Advice to Passengers

Transportation of Hazardous Materials

Federal law forbids the carriage of hazardous material aboard the aircraft, in your luggage, or on your person. A violation can result in 5 years imprisonment and penalties of \$250,000 or more (49 U.S.C 5124). Hazardous materials include explosives, compressed gases, flammable liquids and solids, oxidizers, poisons, corrosives and radioactive materials.

Forbidden Dangerous Items Examples:

Paints, lighter fluid, fireworks, tear gases, oxygen bottles and radiopharmaceuticals. There are special exceptions for small quantities (up to 70 ounces total) of medicinal and toilet articles carried in your luggage and certain smoking materials carried on your person. For further information, contact your airline representative.

Note: Spare batteries and fuel cells are not permitted in checked or hold baggage. These items MUST be packed in carry-on baggage. If your carry-on bag is gate checked, the spare batteries and fuel cells must be removed and carried in the cabin.

Ms. Willis,

It was a pleasure to speak with you this afternoon and we are very excited to welcome Mr. Darwin to our annual meeting. You indicated that he would like to arrive the evening of the 8th of November and depart on a flight around 5:00 pm on the 9th. This works very well for our group and we are grateful for his time.

You asked for some information in order to complete your paperwork and so I am cc'ing Susan Wade on this email who has been working with the Sawgrass Marriott. We do have a reserved room rate of \$154 plus taxes which, if permissible by EPA regulations, we are happy to offer Mr. Darwin. The room is already reserved for the 8th so that will not be a problem.

Thank you again for your help on this and please let us know if there is anything else you need from us.

Best,

Kevin Koonce
